

Final BULLETINS

African Skies Cleared of Axis

ALLIED HEADQUARTERS, NORTH AFRICA (AP)—Allied air forces drove enemy aircraft out of the skies in the opening of the Allied offensive toward Tunis today, a communique said to-night.

Extend Trade Pacts

WASHINGTON (AP)—A three-year extension of the Roosevelt administration's reciprocal trade agreements program—not only to build United States trade but as a means of securing world peace and preventing another global war—was recommended today in a majority report of the house of representatives ways and means committee.

Von Arnim Quits, Says Morocco

LONDON (CP)—The Morocco radio said in a broadcast recorded by the Associated Press late today that there were "strong and widespread rumors that after Rommel, Col. Gen. Jürgen von Arnim now has left Tunisia."

There was no confirmation of such a move by Von Arnim, who was reported left in charge of all Axis forces in Tunisia after the reported withdrawal of Rommel.

According to the Morocco radio, Von Arnim ordered his troops to resist to the utmost.

\$1,000,000,000 Vote

OTTAWA (CP)—Finance Minister Iles asked the Commons this afternoon to approve legislation appropriating \$1,000,000,000 to provide war supplies for the United Nations as a Canadian contribution to common victory.

He spoke soon after the House had reassembled following the Easter recess.

Japs Launch Drive

CHUNGKING (AP)—A new Japanese offensive against the "rice bowl" of China in north Hunan and south Hupoh provinces has been launched by a force of between 7,000 and 8,000 troops with heavy aerial support, a Chinese communique said to-day.

Cede No Land

OTTAWA (CP)—The government has not relinquished sovereignty of any part of the north Pacific area to the U.S. nor given any jurisdiction over Canadian territory to the U.S. or any foreign power, it was stated in a reply tabled in the Commons this afternoon for D. G. Ross, Prog. Con., Toronto St. Paul's.

Consuls to U.S.

OTTAWA (CP)—Establishment of from six to eight Canadian consulates in the United States may be looked for in the near future, it was learned this afternoon from official sources.

Canada's first venture in the consular field in the U.S. was completed a few days ago when Hugh D. Scully, former commissioner of customs, took office as consul-general in New York.

Appoint Lecturer

EDMONTON (CP)—Appointment of Dr. Max Wayman as lecturer in mathematics at the University of Alberta has been approved by the executive committee of the board of governors, Dr. Robert Newton, president, announced today. Dr. Wayman is at present on the staff of the National Research Council, Ottawa.

138 Per Cent Up

OTTAWA (CP)—The Canadian army, exclusive of overseas personnel, now has contributed \$7,250,850 or 138 per cent of its objective in the Fourth Victory Loan, the army's central committee announced today after compiling Wednesday's returns.

The number of soldier bond buyers so far is 81,445.

All but one of the 16 loan districts and commands have reached or passed their quotas in the current three-week campaign which will end May 15.

Pacific Command, which had the highest district objective—\$750,000—has passed that figure.

'Payoff Battle' for Tunis Now Under Way

Nazis Will Fight On Even When War Lost, Says Bartlett

EDMONTON (CP)—Vernon Bartlett, foreign editor of the London News Chronicle, commentator and independent member of the British Commons for Bridgewater, in an interview here today said Germany would continue to fight even after it was apparent to the German people they had lost the war.

He said it was quite impossible to make a forecast as to when the war would end.

"In the last war," he pointed out, "there was no Gestapo as there is today," and added he had the feeling there would not be a revolt.

Germany, he said, would continue to fight after knowing there was no hope of winning the war because of the extreme hatred of Germany in other countries.

In Tunisia the Germans would continue to fight to the last man, Mr. Bartlett believed, in order to delay an Allied invasion of Europe. He said it was necessary for the Allies to clear the Mediterranean for shipping.

An invasion of Europe might come at a number of points, once the Allies had the required shipping, and Mr. Bartlett pointed out, "it takes a tremendous amount of shipping to land a modern army."

NAZIS DISAPPOINTED

He said the morale of the Germans had been considerably shaken because Hitler had promised the Germans there would be no winter fighting in Russia—"The Germans have had to fight two winters in Russia and still there is no nearer the oil of the Caucasus."

In praising Canada's war effort Mr. Bartlett said, "What has been done in Canada without the incentive of bombing is remarkable."

"The general purpose of my trip," he said, "is to talk about Britain. When I get home, I want to talk about Canada."

Here on a lecture tour of Canada at the request of the War-time Information Board, Mr. Bartlett plans to make an air-plane trip over the Alaska Highway to Whitehorse and possibly Fairbanks. He hopes to be back this week-end in order to visit the United States.

(Mr. Bartlett will not come to the B.C. coast, Edmonton being his farthest west point).

'Time' Unable Now To Publish in Canada

OTTAWA (Special)—Plans of Time magazine to publish in Canada have been negated by the paper control board.

Time had planned to print in Canada an all-Canadian edition, featuring Canadian news, to go to all present subscribers of Time in Canada. It was to have been along similar lines to its South American edition.

Protests against Time's entry into Canada was lodged with the paper controller by Canadian publishers on the ground that it would cut into the wartime restricted paper supply available for publishers already in the field.

Prince Olav in London

LONDON (CP)—Crown Prince Olav of Norway has arrived in Britain by plane from North America, it was announced today.

From Tin Cans to 'Tin Fish'

Experience which produced 400 tin cans a minute in peacetime can factories, plus navy experience in building torpedoes, has resulted in mass production of the deadly "tin fish" in the U.S. at a rate previously thought impossible. In two big mid-west plants now operating under the navy, torpedoes are rolling off the lines at a rate six times what the navy contracted for by June. The photo above shows the streamlined stern sections of torpedoes for planes, subs and surface craft on the production line at a Chicago plant.

Victoria T.C.A. Terminus

Extension of Service Approved By Ottawa

By NORMAN MACLEOD

OTTAWA—Board of Transport Commissioners today issued an order authorizing Trans-Canada Airlines to extend its services from Vancouver to Patricia Bay for mail and through passengers. Two trips daily will be made.

Under the terms of the order Trans-Canada will not handle local passenger business between Vancouver and Victoria which will continue to be served by Canadian Pacific Airways.

The hearing upon the T.C.A. application to enter Victoria was heard by the transport commissioners just prior to the Easter recess of parliament. At the hearing the application was unopposed by Canadian Pacific Air-

ways on condition that the T.C.A. was not given a franchise for handling local business.

The effect of today's order consequently is to make Victoria a direct link and western terminus of the T.C.A. trans-continental service.

It is understood here that the T.C.A. authorities are prepared to give effect to the board's order at the earliest date at which arrangements can be made, which is expected to be in the almost immediate future.

R. W. Mayhew, M.P. for Victoria, has been active in furthering the negotiations with the transport board which led to the hearing on which today's order is based.

Admit Possibility Of Italian Defeat

LONDON (CP)—The possibility that Italy might succumb to an Allied invasion was acknowledged today by Carlo Scorza, secretary of the Fascist Party, in a speech to Fascist dignitaries in Rome.

In his address, broadcast by the Rome radio and recorded by the Associated Press, Scorza said: "Should we fall, we must fall with honor and dignity."

Inferentially, the party chief also exposed Italian worries about unworthy Fascist dignitaries when he warned that "they will be knocked out of the party."

Referring to the black market and wartime profiteering, Scorza declared: "I will not tolerate anybody getting fat and rich while other people are suffering."

rived in Britain by plane from North America, it was announced today.

British Sub Sunk In Mediterranean

LONDON (CP)—The Admiralty announced today that the British submarine Sahib had been sunk in the central Mediterranean, but that Lieut. J. H. Bromage, the commanding officer, and 46 others of the crew were rescued by the enemy and made prisoners of war.

The figure was based on an enemy report, the communique said.

(An Italian communique Tuesday said an Italian corvette commanded by Lieut. Ceccacci had sunk an "enemy submarine," but did not identify it.)

Built in wartime, the Sahib's construction details were secret, but she was in service as early as the Norwegian campaign of 1940.

It was the third submarine loss to be announced within two weeks. The others were the Thunderbolt and the Turbulent.

4th Victory Loan

Greater Halifax	Greater Victoria
\$2,977,300	\$4,700,450
\$2,587,300	\$2,998,900
\$2,146,400	\$2,572,600
\$1,932,850	\$2,068,450
\$1,700,750	\$1,925,350
\$1,627,500	\$1,677,400
\$1,428,000	\$1,392,500
\$1,128,000	\$1,198,000
\$ 766,400	\$ 804,450
\$ 426,000	\$ 251,000

INTERCITY CONTEST

Greater Halifax Leads in Contest By 1 3-4 Millions

Greater Halifax, \$4,700,450; Greater Victoria, \$2,977,300.

Still nearly \$1,750,000 behind in its race with Greater Halifax for Fourth Victory Loan honors, Greater Victoria today made up a little ground in efforts to maintain pace with its established quota for the loan, and when figures were tabulated was only \$355,700 in arrears.

But with Dominion-wide publicity being given the contest with Halifax this factor of Victoria's effort is receiving most attention from the Vancouver Island division, National War Finance Committee, sponsors of the loan.

Totals for units in Greater Victoria follow, the amount subscribed appearing in the first column, the quota figure to date next and the amount of the shortage.

Subscribed to Date	Quota	Deficiency
Victoria City \$1,774,500	\$1,938,000	\$163,500
Sancti — 419,250	503,000	83,750
Oak Bay — 467,700	509,000	41,300
Esquimalt — 315,450	385,000	69,550

Dominion Holiday Change Proposed

Provincial Secretary George S. Pearson announced today that May 24 will, as usual, be observed as a statutory holiday.

He explained that recent legislation giving authority to the government to suspend the operation of a holiday is not being invoked in respect to statutory holidays. So Empire Day will be observed here this year as in former years.

The federal government has made a change in respect to the celebration of Dominion Day, according to advice received here from Ottawa. It is proposed to commemorate Canadian Confederation on the first Monday in July, instead of July 1.

Red Army Storms New Fortifications Beyond Krymskaya

LONDON (CP)—The Russian army has advanced "far beyond" Krymskaya in the Caucasus, and now is storming new German fortifications, the Moscow radio reported today in a broadcast recorded by the Soviet monitor here.

Dozen Villages Retaken By Russians

By EDDY GILMORE

MOSCOW (AP)—The Red Army, hammering today at the northeast approaches to Novorossisk, has taken a dozen more villages in the area in addition to Krymskaya and nine other towns which the Soviets announced they had captured Wednesday in smashing through the Kuban delta bulge toward the Black Sea port.

One of the villages is about nine miles northeast of Novorossisk, in the hilly marsh country through which the Soviet troops are sweeping the Germans toward the sea in a drive gaining daily momentum.

Massive artillery barrages paved the way for new thrusts and mowed down hundreds of German and Rumanian soldiers in the front lines and in deeply fortified positions.

Soviet bombing planes sprayed the Axis troops with bombs and cannon fire as they tried to cling to their defence points against the mounting pressure. Bomber and fighter planes also continued to pound the German-held railways behind the front lines. Prisoners poured back to the Soviet rear.

7,000 Nazis Killed; Prisoners Taken

The loss of 7,000 dead and of numerous men captured in the last few days weakened the Axis forces, but their strength probably remains far from crushed. For weeks Hitler has been bringing up tanks and munitions, possibly in preparation for a spring offensive in the Kuban region.

Krymskaya, once a city of 25,000, was taken in a flanking movement, the Russians said.

It was disclosed here that the Paris Commune, flagship of the Soviet Black Sea fleet, and other powerful naval units are in the Black Sea awaiting an opportunity to pounce on any Nazi attempt to evacuate troops to the Crimea by sea.

The roads in the Caucasus leading up to the front were jammed with trucks, tanks and troops moving westward to throw the Germans into the sea.

All Reservists Must Attend Camp

All members of the Reserve Army must attend annual summer training camp it is ruled by National Defence Headquarters in an order received by Victoria Reserve Units.

Employers of labor asking deferment on behalf of workers have been informed by Defence Headquarters that if any of their employees cannot attend the camp of the reserve unit to which they belong they may attend the camp of another unit at a different date but that no total deferment can be granted.

Compulsory regulations on summer camps will be applied similarly to those governing reservists' attendance at parades and punishment by civil courts is provided for in the case of delinquency in this respect.

British 1st Army Takes Massicault, Controls Heights

By WILLIAM B. KING

ALLIED HEADQUARTERS, NORTH AFRICA (AP)—British and United States troops pushed forward on a broad front against the enemy's final mountain defences before Tunis and Bizerte today and a field dispatch said "the payoff battle is under way."

Massicault, 17 miles southwest of Tunis, was captured by armored-supported British 1st Army infantrymen this afternoon and this was but one of a series of victories rolled up by British and U.S. troops on a broad front.

A special communique announced enemy positions in the Medjerda River valley had been penetrated deeply and a field report from Daniel de Luce, Associated Press correspondent with the 1st Army, said the British forces had broken through for four miles along the main road from Medjer el Bab to Tunis after capturing Djebel Bou Aoukaz.

The Allied troops advanced on a broad front against the Axis' final mountain defences before Tunis and Bizerte, which were repeatedly battered by Allied aerial bombardments.

French Maintain Flank Pressure

Moreover the French detachments on both flanks of the offensive movement maintained their pressure on the enemy lines. A French high command communique said operations of the French African corps moving along the Mediterranean coastal sector in the direction of Bizerte were developing favorably and in the south, in the Pont-du-Fahs sector, "a small enemy attack was repulsed."

Field dispatches indicated thousands of men and machines, hardened by months of campaigning in the mountains, were striking the German-Italian lines on a salient of 30 or 40 miles.

Long range artillery is shelling Ferryville, the bomb-ravaged naval dockyard and repair and refuelling depot of Bizerte, a delayed dispatch from the field said. Flying Fortresses left fires raging in waterfront and railway yard wreckage in Tunis and La Goulette.

Observers said the whole valley east of Mateur, Allied-held junction between Bizerte and Tunis, appeared alive with smoke and flame from artillery shells seeking out German positions.

U.S. and French infantrymen captured strategic heights both north and south of Lake Achkel in a powerful drive supported by tanks, field guns and bombers.

Observers at Allied headquarters said they expected a special communique would be issued later today to cover these and other developments.

Waves of Planes Every 7 Minutes

In both manpower and weapons, the Allies held the edge.

Formations of Allied planes appeared over the central battle zone at seven-minute intervals. Hundreds of guns and bombers helped the infantry and armored forces in the effort to drive the enemy to the "evacuation peninsula extending from Tunis to Cap Bon.

Axis troops were routed from sister heights rising above Lake Achkel, Djebel Achkel on the south and Djebel Chinit on the north, field dispatches said, and an armored column swung from an area north of Mateur toward

Ferryville, the bomb-ravaged Lake-Bizerte port, eight miles south of the naval base.

Djebel Chinit was described as the biggest remaining barrier before the U.S. and French units closing in on Bizerte.

In a related drive at the southern end of the 2nd U.S. Army Corps' line, other troops pushed to a group of hills east of Eddekhlia, on the way to Tebourba, six miles east of Eddekhlia, and 18 miles west of Tunis.

This area lies north of Djebel Bou Aoukaz, 12 miles northeast of Medjer el Bab, which was won by British forces Wednesday.

Sink 2 Axis Ships And Damage 7

The northwest African air forces, striking fresh blows at the Axis lifeline across the Sicilian Straits, sank two ships and severely damaged seven.

U.S. heavy bombers sank an ammunition ship in the straits and damaged another in La Goulette harbor during a raid which also damaged several small craft, blasted barracks and oil storage and unloading depots and started many fires.

Allied fighter planes carried out 1,200 sorties — individual flights — Wednesday in their biggest day's effort in the battle of Tunisia.

In all, 11 Axis aircraft were shot down Wednesday. Four Allied planes did not return.

Desperate Battle To Organize Defence

In what appeared to be a desperate fight to organize defences on the road to Bizerte, along which both U.S. and French forces have been pressing to distances as close as 10 miles, Axis troops counterattacked repeatedly in the area of Djebel Chent, north of Lake Achkel Wednesday.

All were repulsed and the Americans took more than 300 prisoners, most of whom were Italians.

A military spokesman said the capture of Djebel Bou Aoukaz indicated that Axis troops were fighting with less vigor or that the Allies had learned tricks enabling them to beat back the enemy and ward off counterattacks.

As a result of a week's sustained bombing of enemy air fields in Tunisia it is unlikely that the Axis is using any of the fields for bombers, a competent source said. And even most of the enemy fighters now are based on Sicily.

The attacks against Bizerte, important Axis supply post and naval base, were concentrated on the extensive quays and unloading facilities of the Lake Bizerte channel.

The report said that on one occasion the weight of bombs dropped on Ferryville was so great that nearly 100 acres of docks and installations were devastated. The port was put out of commission for some time.

On the northwest corner of Lake Bizerte is Sidi Ahmed air-drome, four miles from the town, which also has been attacked repeatedly by Allied bombers and fighters.

Bulgarian Troops Revolt; Order Canceled

JERUSALEM (AP)—Several Bulgarian army units recently revolted against an order sending them to Yugoslavia to fight against Gen. Draja Mihailovic's guerrilla forces, a reliable source said today. It finally was necessary to cancel the order, said the informant.

Another informant declared anti-German feeling is mounting in Bulgaria, and that 80 per cent of the army and the population are hostile to the Nazis.

Stewardess Injured

EDMONTON (CP)—Mrs. Norman Denison, acting chief stewardess for the Canadian Pacific Airlines, was in a hospital today with a knee fracture she received when she fell while stepping from a streetcar Wednesday night. Her husband is superintendent of maintenance for the same company at Vancouver.

They Can't ALL Be Wrong

Bankers don't always agree about an investment, brokers and bond salesmen may differ violently about some financial ventures. But in the case of the 4th Victory Loan ALL the bankers, and ALL the investment experts agree that it is the SAFEST of all investments. Don't wait for some one to call upon you—you can buy a bond at any Bank.

Stalin Says Russia Wants Independent Poland After War

NEW YORK (AP)—Establishment of a strong and independent Polish state after the war was advocated by Premier Stalin of Russia in a letter to the New York Times correspondent in Moscow, Ralph Parker.
The letter, published today in a copyrighted story in the New York Times, was written in answer to a letter from Parker posing two questions on the Russian-Polish situation.
Here are Parker's questions and Stalin's answers, as phrased in an authorized English translation of Stalin's reply:
1. Question: Does the government of the U.S.S.R. desire to see a strong and independent Poland after the defeat of Hitler's Germany? Answer: Unquestionably, it does.
2. Question: On what fundamentals is it your opinion that the relations between Poland and the U.S.S.R. should be based after the war? Answer: Upon the fundamental of solid good neighborly relations and mutual respect or, should the Polish people so desire, upon the foundation of an alliance providing for mutual assistance against the Germans as the chief enemies of the Soviet Union and Poland.

SIKORSKI'S REPLY
LONDON (CP)—Premier Wladyslaw Sikorski today said the Polish government is "ready to give a positive answer to any Soviet initiative which will coincide with the interests of the Polish republic."
His declaration was made in a letter to the New York Times in response to Stalin's statement in a letter to the Times correspondent in Moscow, Ralph Parker. Sikorski's letter was released to the press here by the Polish government in London.
The Sikorski letter said:
"The Polish nation wants, of course, to continue its friendly relations with Soviet Russia and to base them on an alliance directed against Germany."
"It is, however, difficult for me not to be restrained even in the face of such a favorable declaration by Premier Stalin at the very moment when the Polish ambassador has left Russia and the mass of Polish population in the U.S.S.R. are left without the care and assistance of their government."

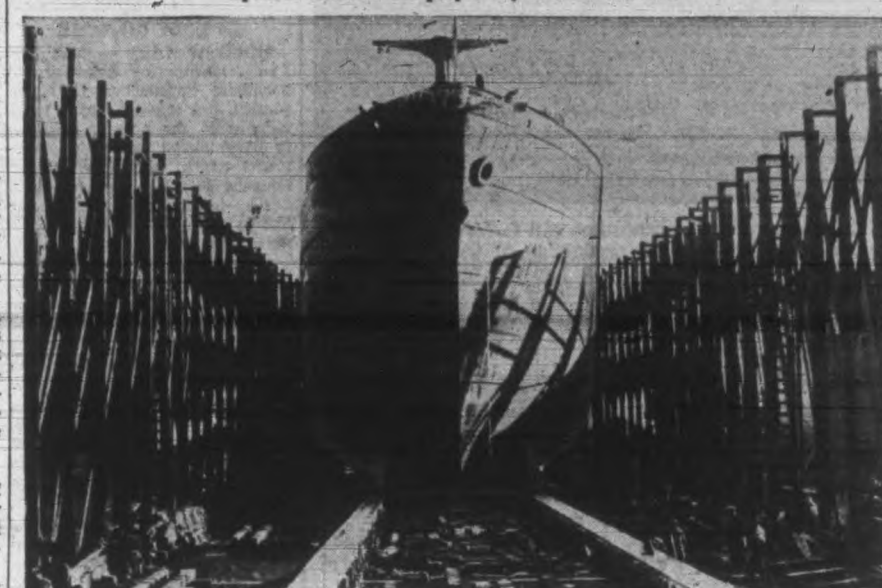

"Yet in spite of this and in spite of many other factors the Polish government is ready to give a positive answer to any Soviet initiative which will coincide with the interests of the Polish government as defined in our common declaration of Dec. 4, 1941; and in my speech of May 4, 1943."
Killed in Chicago
CHICAGO (AP)—Danny Stanton, one-time Capone mobster and for 20 years listed on police records as a hoodlum, was killed in a south side tavern Wednesday night, shot in the back of the head by gunmen after they had slain one of his companions and wounded another man.
The killers blasted shotgun slugs into the bodies of the three men, fatally wounding Stanton and Louis Dorman, 40, a gambler, and wounding Cy Shapiro, 30, who said he had not come to the tavern with Stanton and Dorman.
Police today searched for witnesses and also investigated several possible motives for the slayings. The 42-year-old Stanton was engaged in recent years in gambling operations and also was said by police to have been identified in connection with union racketeering.

ANNOUNCEMENTS
Arion Club Concert, Royal Victoria Theatre, Monday, May 17, 8.30 p.m. Assisting artist, Patsy Swift from Chicago. Admission \$1. Auspices Kinsmen's Club Milk for Britain Fund. Tickets on sale from members and at Fletcher Bros.

Women's Canadian Club, Empress Hotel, Tuesday, May 11, at 2.30 p.m. Speaker, Rev. Michael Coleman; subject, "Experiences in London." Solist, Mrs. Charles Goodwin.

Sponsor Had Thrill of Her Life

Sponsor demonstrates proper way to smash a bottle.

Ss. Yoho Park takes to the water in fine style.

A few days ago Evelyn Patterson, 17-year-old shipwright's helper, was engaged in daubing grease on a ship launching ways, doing her bit in the war effort like many other girls now in overalls.
The prospect of presiding at the launching of a ship never entered her pretty head.
No one else had thought of her in the role of a ship's sponsor either.
She was just one of the gang.
When the time came, however, to choose the sponsor of the 10,000-ton steel freighter Yoho Park, which was launched Wednesday evening at a west coast Canadian port, William (Bill) McKenzie, shipwright foreman at the plant, drew the ticket which gave him the privilege of choosing the sponsor.
It is customary for the ticket-holder, if he is a married man, to choose his wife for the honor, but Bill is a bachelor, so he looked over the quartette of girls employed as helpers on his gang, and spotted Evelyn.
"How would you like to launch a ship?" said Bill. "Do you mean it?" asked the surprised girl incredulously.
"Sure!" replied Bill. "This is an invitation."
So, Thursday evening at 7.30, smiling Evelyn, all affluter, was accompanied to the launching platform and at a signal from the plant managers she cracked a beribboned bottle of Kowloon champagne across the bows of the freighter, saying: "I christen thee Yoho Park."

and entering and theft from a Blubber Bay store April 19.
Police are working on the theory the men are hiding out on nearby islands.

One Up-Island Unit Reaches Loan Quota
Up-island units of the Victory Loan campaign reporting on latest bond-investment figures show Denby-Hornby Islands have 25 per cent more than their quota of \$8,000. Parkville-Quicum district is second with \$49,450 against a quota of \$54,000.
Other districts are not doing as well and will need to step up sales in order to gain their objectives by the end of the drive.
To date returns are as follows, with unit quotas in brackets: Comox \$27,800 (\$32,000); Cumberland \$31,650 (\$36,000); Campbell River \$14,800 (\$100,000); County \$60,050 (\$110,000); Denby-Hornby Islands \$10,700 (\$8,000); Nanaimo \$219,700 (\$325,000); Ladysmith \$49,500 (\$135,000); Parkville-Quicum \$49,450 (\$54,000).
From the Alberni-West Coast unit-officials report that Bioedel Stewart and Welch, Great Central Lake Sawmill with 285 employees, has received 223 subscriptions, totaling \$28,550, which is \$50 over the quota.
Youbou's figures yesterday stood at \$36,300, and no difficulty is anticipated raising this to the first objective of \$40,000.
In Saanich, directors of the Saanich Fruitgrowers' Association have agreed to advance the first payment on a Victory Bond to any of their members, balance to be paid from results of this year's fruit crop.

2 Indians-Sought After Prison Break
POWELL RIVER, B.C. (CP)—Police today embarked on a hunt for Paddy Tom, 30, and George August, 20, both Indians, following this city's first jailbreak Wednesday night.
The two were in custody following a commitment for trial earlier this week on charges of breaking

On the instant the great steel hull was released and started down the ways which the young sponsor had helped to grease.
Miss Patterson, carrying a large bouquet of roses and snapdragons supplied by the firm and a corsage of roses from the shipwright foreman, was breathless as she said: "It's the greatest thrill of my life."

The Yoho Park is the last of her type to be launched from the plant for the present as the future program calls for the construction of steel tankers. The launching over, the keel plate for the tanker was laid immediately after the freighter had vacated the slip. It will be the second of the tanker fleet, the first being well advanced on an adjoining ways.
NEW YORK (AP)—The Berlin radio gave the German people today a description of Berlin's new anti-aircraft artillery towers.
In a broadcast recorded by the Associated Press, a Nazi military correspondent was quoted as calling the towers "gigantic" and saying each one contained as much ferro-concrete as 15 kilometers—about 10 miles—of the West Wall along the German-French border.
"This scarcely believable amount," the broadcast said, "is explained by the immense thickness of the walls, and the strength of the foundation of the guns and of the ceiling of bombproof rooms."
The broadcast said that apart from housing a crew of some 200 men, shelter could be provided for many civilians.
"There is even a room for child-birth," it added.
The broadcast asserted the towers also provided protection for valued works of art. It went on:
"Even bombs of the heaviest calibre cannot do any harm to these towers. . . . The towers have twin guns. New calibres and new kinds of ammunition were developed which make defence against high and low-flying enemies possible."

Berlin Tries Out New AA Towers

New Ulster Cabinet
BELFAST (CP)—Premier Sir Basil Brooke today named two former cabinet colleagues as members of his new Northern Ireland government, which also includes two Presbyterian ministers and the first Labor representative the government has had in 22 years.
John C. MacDermott remains as attorney-general, while William Grant exchanges the public security post for that of labor. Harry Midgley, former chairman of the Northern Ireland Labor Party, is brought into the cabinet as minister of public security.
Sir Basil retains the office of minister of commerce, which he held in the previous government headed by John Miller Andrews. Clergymen members of the new group are Rev. R. Corkey, minister of education, and Rev. Robert Moore, minister of agriculture. Major J. Maynard Sinclair becomes minister of finance, and William Lowry minister of home affairs.
Letters to Troops Overseas 3 Cents
OTTAWA (CP)—Postmaster-General Mulock today reminded Canadians that the old postage rate of three cents for the first ounce and two cents for each additional ounce remains in effect for letters addressed to men in the armed forces overseas.
"Since the new postage rate on first class mail became effective April 1, a number of letters addressed to the Canadian forces overseas has been received at the base post office, Ottawa, prepaid with four-cent stamps," said Mr. Mulock.
"As a special concession to the fighting services abroad and their

correspondents in Canada, there has been no change in the postage rate on first class mail (surface and air) to the armed forces overseas and the postage on ordinary letters mailed to them is still three cents for the first ounce—not four cents; for each additional ounce the rate remains two cents.
Devers is 56, a native of York, Pa., and was graduated from West Point in 1909, being commissioned in the field artillery. During the First Great War he was an instructor and assistant director of the school of fire at Fort Sill, Okla., but went to Europe for several months in 1919.

C.M.A. Puts Blame For Labor Unrest On Union Leaders

OTTAWA (CP)—The Canadian Manufacturers' Association today cited as the primary cause of industrial unrest in Canada "a deliberate program of certain trade unions" to capitalize on labor shortages in a drive for higher wages.
In a brief presented to the National War Labor Board at its hearings in connection with a general investigation of labor relations, the association expressed strong opposition to suggestions of compulsory collective bargaining.
The focal point of the present labor situation was maintenance of the wages ceiling.
"Unless it can be maintained, it will be impossible to maintain the prices ceiling, and unless the prices ceiling is maintained, nothing can save the country from disastrous inflation," the brief said.
INCREASE IN DISPUTES
On the principle of "everything to gain and nothing to lose," workers would support unions which promised increased wages, in spite of wage control, and such a condition was responsible for the increase in jurisdictional disputes.
"And so long as the irresponsible, law-defying unions can 'get away with it,' there is every reason to believe that the situation will grow rapidly worse," the association added.
To meet this condition, the association suggested an intensive educational campaign by the government to explain to labor that it was in its own interest to combat inflation and help maintain the wage ceiling.
The introduction of compulsory collective bargaining and a corresponding increase in unionization held no solution for the problem, the association said.
The suggestion that non-unionization means turmoil and strikes, and that unionization means peace, harmony and maximum production is completely refuted by the facts, both in the United States and Canada," the brief said.

RESPONSIBILITIES AND RIGHTS
Any proposal to make collective bargaining compulsory should take into account the responsibilities as well as the rights of employees and the rights as well as the obligations of employers.
The worker should also have complete freedom in the choice of unions, the association said.
"The 'closed shop' principle should have no place in any legislation on collective bargaining," the brief said.
The "check-off" practice of having union fees deducted from the workers' pay was equally objectionable, the association said.
The association said it approved in general of the government's wartime wage control and submitted that all questions arising under it should be dealt with by the national or regional board.
Under war conditions, it was opposed to any general readjustment of wages, "even though a case for such readjustment on grounds of equity can be made out." The association said exemption of some low wage groups from wage control might result in considerable dislocation.
Wages should be governed by local conditions, it said.

Devers Commands U.S. Army in Europe
WASHINGTON (AP)—Lt. Gen. Jacob L. Devers, commander of the armored force, was named today by War Secretary Stimson to succeed Lt. Gen. Frank M. Andrews as commander of United States army troops in the European theatre.
Andrews was killed Monday in a plane crash in Iceland, and Stimson said his death had deprived the country of "one of its most brilliant and gallant officers."
Devers, the secretary said, already has shown "an immense capacity for organization and administration as head of the armored force," and in addition has been especially prepared for the European command by a recent trip of study and inspection to the entire European, north African and Middle East theatres of war.
"He is thoroughly cognizant with present and future plans," the secretary told reporters. He added that Devers' arrival in Britain would be announced in London.

King, Queen Attend Memorial Service
LONDON (CP)—The King, with a mourning band on the arm of his field marshal's uniform, and the Queen, in black, today attended a memorial service for the Duke of Connaught in the chapel royal of St. James's.
Princess Arthur of Connaught, the late Duke's mother, and Lady Patricia Ramsay, were the chief mourners. Among others in attendance were King Haakon and Crown Prince Olaf of Norway and the Duchess of Kent.
Other members of the royal family sent representatives. Rt. Hon. Vincent Massey, Canadian High Commissioner, and Mrs. Massey were present.
The 28-year-old duke died at Ottawa April 26 while a guest of the Governor-General, the Earl of Athlone, and Princess Alice.

To Serve Year
OTTAWA (CP)—The Supreme Court of Canada today affirmed a judgment of the British Columbia Court of Appeal setting at one year's imprisonment the sentences to be served by Elgin S. Reid of Vancouver following his conviction on a charge of retaining money, knowing it to be stolen.
Reid was charged after a Safeway store in Vancouver had been broken into and \$400 stolen. The accused testified at his original trial that \$317 found in his possession had been given to him in a parcel to keep for another man and that he had not known what the parcel contained.
He was sentenced to two years' imprisonment. The B.C. Appeal

Court affirmed the conviction, but reduced the sentence to one year and this judgment was affirmed today by the Supreme Court.

Russia Receives Lend-Lease Goods

WASHINGTON (AP)—The United States has sent Russia "several thousand planes," "many tens of thousands" of trucks, jeeps and other military vehicles, and more than 1,000,000 tons of foodstuffs.

This has just been disclosed by Lend-Lease Administrator Edward R. Stettinius in his most detailed report on the extent of United States assistance to Russia.

In the first three months of 1943 shipments were 35 per cent greater than in the preceding quarter, and more than twice the total shipped in the corresponding period of 1942.

The overwhelming majority of lend-lease shipments have reached Russia, Stettinius said, adding that losses were suffered principally on the north Russian route, and a large proportion of the supplies are moving by the Persian Gulf route.

The lend-lease administrator reported that among other items sent to Russia were:

Thousands of tons of steel and armor plate, copper, brass, aluminum, zinc, TNT, toluol and other chemicals, large quantities of railroad rails, signal and other communications equipment, and smaller quantities of electric furnace presses, forging hammers and other machine tools.

Along with aircraft and motor vehicles, food shipments now hold the top priority, Stettinius said. Most lend-lease shipments of dehydrated vegetables are going to Russia along with wheat, flour, sugar, canned meats, dried

peas and beans, lard and vegetable oils. So that the Russians may produce food in newly-developed agricultural areas, the United States also has shipped 8,000 tons of seeds.

Divided as to value, shipments included: Ordnance, \$280,891,000; aircraft, \$328,975,000; tanks, \$179,820,000; motor vehicles, \$229,822,000; watercraft, \$27,888,000; industrial products, \$461,348,000, and agricultural products, \$316,733,000.

Stettinius reported that lend-lease shipments to all countries totaled \$7,104,731,000 since the beginning of lend-lease. In addition, planes ferried by air and lend-lease ships sailed away under their own power had a value of \$675,000,000.

(Canada pays cash for all supplies bought in the United States and alone among the United Nations does not receive lend-lease aid.)

Penny Recovered From Girl's Stomach

EDMONTON (CP)—Doctors Wednesday night recovered a penny from the stomach of Loretta Champagne which the three-year-old tot had swallowed in a moment of play at her farm home at Legal, 25 miles north of here. After confirming by X-ray suspicions which had caused the girl's parents to bring her here late Wednesday, doctors using a bronchoscope recovered the coin in a few minutes at an Edmonton hospital.

And Loretta seemed to enjoy it all. "She just opened her mouth and sat quietly while the doctors went to work. She didn't even cry and was a dear," nurses at the hospital reported. The penny? It went in mother's purse for safe-keeping.

Jap-Held Railways In Burma Bombed

NEW DELHI (CP)—A British communique today said R.A.F. Wellington bombers made a sharp attack on enemy railway installations at Prome in Burma, setting large fires in the yards and causing one heavy explosion.

British ground forces reported active patrolling on the west side of Mayu ridge and said casualties had been inflicted on small parties of Japanese troops encountered southwest of Buthedaung. A Japanese unit which had occupied a small hill near the Maungdaw-Buthedaung road was quickly dislodged, the communique said. R.A.F. fighters and bombers were reported in active co-operation with ground troops. U.S. heavy bombers dropped more than 30 tons of bombs Tuesday on Japanese installations in Toungoo, blasting the enemy headquarters there and causing great damage to other buildings, a communique of the U.S. army air forces announced.

The attack on Toungoo was accompanied by a raid by medium bombers on railway installations at Nyngan, west of Mandalay, where hits were registered on tracks and storage sheds and a turntable was demolished. All aircraft returned from these and other operations. In the Toungoo attack, flares noted that black smoke, characteristic of oil fires, billowed up after two secondary explosions.

Quinine was first shown to Spaniards 300 years ago by Peruvians, but not until 200 years later did the Dutch and British become interested from the standpoint of combating malaria.

Loan Subscriptions At Half-Way Mark

OTTAWA (CP)—Subscriptions to the \$1,100,000,000 Fourth Victory Loan totaled \$564,106,500—just over half way to the objective—when returns on business up to Wednesday night, half-way point in the three-week campaign, were compiled, National Loan Headquarters announced today.

But loan officials said there should be no "complacency" over progress of the loan. Many of the large corporate subscriptions were recorded fairly early in the campaign and "putting the loan well over the top depends largely on enthusiastic response from general canvass and payroll savings between now and the end of the drive."

Subscriptions for Wednesday, ninth working day of the 18 working days on the campaign, were \$60,170,400. On the same day the Third Victory Loan last autumn obtained \$43,674,400, and had reached a cumulative total of \$458,258,300. The Fourth Victory Loan now exceeds the comparable period of the Third Victory Loan by \$105,848,200, but the objective of the Third Loan was only \$750,000,000.

FROM B.C. DISTRICTS

In the mining country of the Lower Cariboo in British Columbia, East Lillooet's Chinese colony has a Victory Loan objective of \$10,000. Collections already total \$2,950 from 12 of the 65 Chinese families in the village.

Men of the Fishermen's Naval Reserve at various points near Vancouver have averaged 320 per cent of quota. One boat reported more than 400 per cent over quota.

Air Cadet Corps Status Improved

OTTAWA (CP)—Incorporation of the Air Cadet Corps as a component part of the R.C.A.F., ranking with the permanent force, the Auxiliary Active Force, the Special Reserve and the Women's Division, is provided for by an "order-in-Council just made public.

For the present at least, the Air Cadet Corps will consist exclusively of officers. One effect of the change is to give air cadet officers engaged in the organization and training of air cadet units, sponsored by the Air Cadet League, the status of officers in the air force. Their status will be comparable to that of officers in the Reserve Army.

Under the order these officers who have been serving part-time and without pay may receive such pay of rank as may be prescribed from time to time. The rates of pay have not yet been settled. It is not proposed to enlist the air cadets in the Air Cadet Corps, so they will not become members of the air force. There is no intention to pay the cadets, but no compulsory charges will be made for membership.

To Lift Sunday Ban For Edmonton Theatre

EDMONTON (CP)—Hon. E. C. Manning, Provincial Secretary, said provincial authorities would raise no objection if the Dominion should issue an order overriding provincial regulations which ban the showing of Sunday movies.

Commenting on conflicting reports on several cancellations of the start of Sunday movies for servicemen and women here under authorization of the National Defence Department, Mr. Manning said he believed the theatre management had canceled the start of the Sunday shows because it felt it could not proceed in contravention of provincial regulations.

"Obviously the province should not be asked to alter established theatre regulations which govern all theatres in the province, for the purpose of enabling only one theatre to hold Sunday shows," he said.

The Provincial Secretary said the theatre management had asked the Dominion for an order overriding provincial regulations to affect its theatre only, and the province would have no objection to this.

Prisoner of War Buys Victory Bond

CALGARY (CP)—He was taken prisoner on the beach at Dieppe, but that didn't mean the war effort of L.Cpl. Charles Edward Suffel, 14th Army Tank Regiment, Calgary, had stopped. Back in February, he sat down in the German prison camp where he is interned and wrote to his lawyer, M. B. Peacock, K.C.

He told Mr. Peacock, "I wanted to do a bit in the war loan," and gave instructions that he wanted to buy \$100 worth of bonds in the Victory Loan, with his savings.

So Wednesday, Mr. Peacock bought a \$100 bond for the soldier. Earthworms lay their eggs in cocoons.

Letters to Editor POTATOES

Mr. R. N. Mangles, who signed himself as board member representing Vancouver Island, infers that I made erroneous statements concerning the potato growers of Vancouver Island being ordered by the British Columbia Coast Vegetable Marketing Board to reduce their potato acreage as much as 90 per cent. The statements I made were founded on a letter signed by R. Morford, agent, B.C. Coast Vegetable Marketing Board as follows:

"Hop Wo, Koksilah, B.C. "Dear Sir—Kindly note, only one-tenth of the land you own or are renting may be planted in potatoes to be sold for human consumption."

"This is a definite order of the board and will be enforced. "Application for growers' license for 1939 crop must be in the hands of the board on or before May 31, 1939."

"There may be a further restriction should it be found necessary to limit sales to a specified number of tons per acre."

"By order of the board. "R. Morford, Agent."

"B.C. Coast Vegetable Marketing Board." The fact remains that the present difficult situation regarding the supply of potatoes for Victoria area has been brought about by the policy of the board in making the orders contained in the said letter; and there would have been no shortage whatsoever had the farmers not been so interfered with.

M.P. Asks If Mrs. Hess Now in Britain

LONDON (CP)—William J. Thorne, Labor, implied in a question he submitted in the House of Commons today that Frau Rudolf Hess had joined her husband in Britain. Hess, Hitler's deputy, has been a prisoner of war since his mysterious flight to Scotland from Germany in 1941.

Mr. Thorne's written question, submitted to Prime Minister Churchill, asked "whether the £15,000 worth of securities that Rudolf Hess had when he landed in Scotland is being used to pay for the keep of himself and family now in this country."

The Prime Minister's reply will be made later. In reply to a question asked in the Commons last October, Mr. Thorne was informed that Frau Hess was not in Britain and that there was no question of granting her facilities to come.

Europe Invasion During Summer, Says Elmer Davis

WASHINGTON (AP)—Director Elmer Davis of the Office of War Information said today there is "no question but that there will be Allied operations on continental Europe this summer."

Davis, asked whether Allied forces could clean up north Africa soon enough to permit invasion of the continent this year, said he was confident they could.

However, he added, it might be necessary to leave a pocket of Axis resistance at Bizerte to be reduced by sustained pounding even while the continental operations are under way. The big naval base of Bizerte already is within heavy artillery range of Allied troops to the north.

"The Allies may encounter difficulty when they get the Axis knocked down to Bizerte, where the Germans evidently intend to make their final stand," said Davis, who is in close touch with military strategists here.

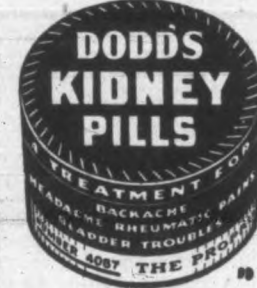

"In my opinion, it would be possible to go ahead with the invasion plans even though Bizerte remains for a time in Axis hands."

The Axis fear of imminent invasion is apparently the reason for new and feverish propaganda activity from Rome and Berlin, Davis said, and apparently accounts for the propaganda, for home consumption, that U.S. fliers have machine-gunned Italian civilians.

"They are obviously expecting an attack and an invasion."

Equipment Needed For Home Canning

SEATTLE (AP)—Home canning of vegetables in the Pacific Northwest without proper equipment may result in deadly botulism poisoning, Dr. Donald G. Evans, state director of health, and Prof. Martha E. Dresslar, home economics professor at

WARNING

Victoria is definitely behind in her quota of the 4th Victory Loan. And we can FAIL unless EVERY ONE of us does our full share.

Mallets

the University of Washington, warned here.

"People who do home canning should seek proper advice to avoid the hazard," Dr. Evans said.

"It is definitely recommended by the U.S. Department of Agriculture that no home canning be attempted except in well-regulated pressure cookers or canners operated at between 240 degrees F. and 250 degrees F.," Dr. Dresslar said.

THURSDAY, MAY 6, 1943

Greater Victoria

AT YESTERDAY AFTERNOON'S MEETING of the Victoria-Saanich beaches and parks committee Mayor Andrew McGavin voiced sentiments which we have expressed in these columns several times during the last three or four years. His Worship thinks "there should be a Greater Victoria with one council, one police force, and one fire department." Of course there should. The continuance of four municipalities with four sets of civic services in a community with a combined population—in normal times—of no more than 70,000 is a fantastic and costly state of affairs.

In view of his unequivocal statement, therefore, we would suggest to the Mayor of Victoria that he forthwith take counsel with a group of representative, progressive citizens in each municipality and try to get them in the mood to sit down at a conference table and discuss this matter freely and frankly. Well might he consider such a move as at least one practical approach to the problems which this and other cities will inherit when the fighting ceases.

Such a plan as Mayor McGavin envisages may meet with opposition; the "it-can't-be-done" brigade may be out with their little hatchets. But many problems that frightened statesmen and lesser lights almost to death a year or so ago have succumbed to the practical application of commonsense. Some of the previously perplexed ones have since wondered why such jobs had not been tackled before. They know how effectively the requirements and exigencies of total war have conscripted dormant imaginations. Complacency and laissez faire are no longer fashionable philosophies in any community capable of reading the signs of the times.

The case for municipal consolidation in this favored part of Vancouver Island shrieks to high heaven for early and intelligent consideration. In the national rehabilitation and reconstruction program, moreover, the community which demonstrates an earnest of its desire and ability to help itself will naturally have first call on the federal government for practical aid.

Mayor McGavin said yesterday he could see "the folly of overlapping services in the city and three municipalities." And he understands the value of putting cards on the table face uppermost. On the basis of sound economics, furthermore, not to mention the wide benefits that would accrue from the amalgamation of the four local communities into one civic organization, the idea which His Worship has blessed with his approval should be vigorously canvassed with as little delay as possible.

A Four-Power Pact

WASHINGTON'S OFFICIAL announcement that Mr. Joseph E. Davies, former United States ambassador to the Soviet Union and author of "Mission to Moscow," will accompany Russian ambassador Maxim Litvinov on his trip to report to Premier Stalin may mark the beginning of a new and better understanding between the governments and peoples of the world's two greatest republics. It is openly suggested that the most important document Mr. Davies will have in his attaché case will be a proposal from Mr. Roosevelt to Russia's political head that the two meet soon and talk over world affairs face to face—probably with Mr. Churchill as the third participant in such conversations.

Apart from the fact that the President could not have chosen a more capable or acceptable envoy that Mr. Davies, whom the Russians like and trust for his candor and fairness, it has recently become increasingly obvious that a good deal more confidence must be established between the four principal Allies—China, of course, being the fourth—than seems to have been created so far. Britain, it is true, already has her own 20-year pact with the Soviet Union which pledges co-operation and collaboration during and after the war. But not even this categorical understanding has removed certain elements of suspicion which manifest themselves from time to time. No such understanding has yet been forged between Washington and Moscow. Nor do bilateral agreements conform to the "basic requirements of the United Nations. Just as there is now general agreement on all the important aspects of global strategy in the strict military sense, so must there be a complete and cordial understanding, political and economic, between all the members of the anti-Axis coalition—if the full fruits of victory are to be harvested in the days to come.

With Great Britain, the United States, the Soviet Union and China completely in agreement, both as to the future conduct of the war, and on all the fundamental problems of establishing and making the peace permanent, the presently-enclaved nations—as well as the populations of enemy countries—would have more hope for the future than they have today. The early consummation of such a four-power pact, in other words, would give a tremendous fillip to the forthcoming invasion of the Axis fortress and simplify many of the problems of the peace.

Seeing The Tariff Light

NOT THE LEAST IMPRESSIVE TESTIMONY presented recently before the House Ways and Means Committee in Washington, in support of the renewal of the Reciprocal Trade Agreements Act, was that of Mr. Lindsay Crawford, secretary of the National Foreign Trade Council. It should be noted that this organization is non-partisan in character and aims primarily, in respect of foreign commercial policy, to steer a course considered to be in the best interests of the nation. Right from its inception, under the aggressive sponsorship of Mr. Cordell Hull in 1934, this body was one of the Reciprocal Trade Agreements Act's active proponents, continuing that support when the measure came up for renewal in the succeeding triennial periods of 1937 and 1940. In anticipation of the possible attacks which would be made when the policy came up for review and discussion this year, the delegates to the National Foreign Trade Convention, held in Boston last October, went on record with the following declaration:

"A formula should be agreed upon for the abandonment of discriminatory bilateral trading and the adjustment of uneconomic tariffs, having proper regard for the maintenance of the standards of living in the participating countries. The convention believes the Reciprocal Trade Agreements program should be continued in force."

As already mentioned in these columns, the House of Representatives Ways and Means Committee recently approved by a vote of 14 to 11 the renewal of this trade policy—which otherwise would expire next June 12—and it may be taken for granted that no further serious argument will be advanced to reverse that decision. It is interesting to recall, too, that following the economic and financial disaster of 1929, United States' exports fell by two-thirds and millions of her workers, consequently, were unemployed. By 1933, indeed, our neighbor's total foreign trade had dropped to slightly over three billion dollars, contrasting with a total of nearly 11 billions six years earlier. By 1937, however, after only three years of operation of Mr. Hull's policy, and under general world conditions by no means favorable to its success, the total external trade of the United States had risen in value to nearly six and a half billion dollars. The following paragraph from Mr. Crawford's brief, furthermore, emphasizes that part of this trading philosophy which should be noted by those in Canada who are still inclined to regard the tariff issue as nothing more or less than a fiscal corpse:

"After this war we shall face an emergency different mainly from that of 1923 in the more vastly complicated nature of the recovery problem. When resistance to the United Nations is crushed in Europe and Asia, we must supply vast quantities of food, medicine and relief to other continents. The program of relief and rehabilitation will merge into the problem of reconstruction of the western trade of the world. In that process of reconstruction WE SHALL HAVE TO GIVE AND TAKE. We shall have to examine every possibility of taking goods and services from abroad, which will add to rather than detract from the general welfare of this country, which must be preserved as a chief factor in world rehabilitation."

In our neighbor's reciprocal trade policy Canada has a vital concern, as this country is one of the 27 nations into which agreements have been reached under Mr. Hull's 1934 plan. While this Dominion at that time was undergoing the dangerous and costly experiment of Mr. Bennett's trade blasting policy, the various substantial adjustments to which the King government subjected Canada's tariff structure after its assumption of power in 1935 led, in 1938, to the tripartite pact between Canada, Great Britain and the United States—which increased our exports to the neighboring republic by \$189,000,000. In this, of course, was part of the solution for our unemployment problem.

Are We Going To Fail?

ONE WEEK FROM TODAY THE PEOPLE of Britain will recall a part of one of the shortest speeches which any Prime Minister had delivered on the morrow of his assumption of that high office. It bears repetition, not only because of the potency with which it was charged at the time, but also because of the contrast which the progress of events since it was uttered has produced. Here are the extracts from Mr. Churchill's address to Parliament on May 13, 1940:

"I have nothing to offer but blood, toil, tears and sweat. . . . You ask what is our aim? I can answer in one word: Victory, victory at all costs, victory in spite of all terror, victory, however long and hard the road may be; for without victory, there is no survival."

We are a week ahead of that anniversary—for a reason. Does it not seem fitting that those who are hesitating about buying Victory Bonds should ponder Mr. Churchill's offer and promise of that tragic period? It is still true that "without victory, there is no survival"—no survival for Canada. And we are not yet out of the wood. Better make sure of our part in the victory while there is time. Money is needed for the tools Canadians will require when the attack begins. We, too, ought to make this our "finest hour."

Notes

"An author must be dead before his work is fully appreciated." This is especially true of the author of a will.

Imagination makes insomnia. Count sheep jumping a fence and the excitement of the race gets you wider awake.

A correspondent writes to an Ottawa paper to tell of four big Canadian army trucks parked on Sparks Street for 90 minutes with their engines running. This item contrasts with a report from England where a magistrate and two of his friends were fined \$5,500 for using a taxicab to go eight miles to a race meet. While incidents such as four army trucks wasting gasoline for 90 minutes are possible in Canada, we are still a long way from Britain's hard-boiled realism which costs a magistrate thousands of dollars for using a gallon or two of gasoline for pleasure purposes.

Bruce Hutchison

THE PLANNER

IT IS NOW POSSIBLE for the gardener to pause and, wiping the sweat from his brow, to look over the Victory Garden he has created. The first look is likely to prove a shock, so prepare well for it.

The Victory Garden, of course, has not turned out as expected. But then, no one expected it would. Not certainly, the experienced gardener. The only one who expects the Victory Garden to turn out as planned is the amateur, the parvenu, the mere war-time gardener.

He, poor fellow, has read a book on gardening, or an article in the papers. He has been told that he must make a plan for the garden, a detailed chart, as if he were planning a bombing raid on Berlin or a flight over the South Pole.

He has sat down at night with pencil, paper, a ruler, a compass, a slide rule and a set of logarithms, and he has drawn the map of his garden to exact scale. He has quarreled with his wife over every inch of it, disputed bitterly whether to plant six feet of radishes and eliminate the spinach, or to grow corn and go without beans. He has also considered the question of vitamin content, in which the modern housewife is an expert and a tyrant.

For weeks now, in countless homes throughout the land, women have been laying down the law about vitamins, insisting on leafy green vegetables because they contain vitamin A or C or whatever it is, while husbands have stood out for corn and green peas, which taste better. If there is a sudden increase in the divorce rate during the season of Victory Gardening, do not be surprised. Write it down as part of the cost of the war.

WELL, THE PLAN is finally fixed, the irrevocable decision taken between corn and vitamins. The map, after constant chopping and changing, is drawn out again in final, clean form, and the gardener approaches the soil. And that is where the whole project collapses. Or at least it should.

For no garden was ever laid out according to map or plan. That is to say, no good garden. You may lay out by plan a garden which will produce food. You may plan for vitamins. You can never plan for a gardener's garden. The real gardener does not work by plan; he works by intuition, the same way Hitler wins battles in Russia.

The real gardener scorns all plans. You might as well tell Michelangelo to explain how he painted the murals of the Sistine Chapel as to ask the gardener how he laid out his rows of onions. You might as well ask Beethoven how he wrote symphonies as to ask the gardener how he arranges the harmony of his cabbages, cauliflowers and parsnips, so that they will develop with a beautiful rhythm at the season when they are required.

No. Like all the great works of imagination and human genius, the garden is born without plan or explanation. It either happens or it doesn't. You cannot compel it. You can no more extract a symphony of vegetables from the soil than you can extract a musical symphony from a piano by hitting the keys. The real garden comes from within you.

NATURE IS KIND

DO NOT LET this discourage the new Victory Gardener. He may be a genius, too. He may have the true instinct, lying dormant in his breast, unsuspected all these years. And even if he doesn't, he can still grow food. Even in his hands, seeds will insist on sprouting, vegetables will swell, cucumbers grow fat and fruit ripen. Nature is not too proud to accept his aid.

I do not say the planner, the mere technician cannot grow food, I say he cannot hope to make a garden, which is a very different thing. Anyone can take a photograph and it will be accurate enough. The water color-painting will not be nearly so accurate, but it will have the touch of human hands about it, the brush marks, the slight inaccuracies, the sense of workmanship and creation. In the same way the gardener's vegetable garden may well look a little rough around the edges, the rows may not be quite straight, the onions may have a tendency to merge into the carrots, the marrow vines may sweep over the lettuce.

The gardener does not care. He is looking at the thing whole, and is not disturbed by some technical violations of the original scheme. It was in this spirit that the great Clemenceau, wartime premier of France, made his garden, during his old age of retirement. He was a true son of the soil, and presently the soil was sprouting hollyhocks, lettuce, carnapions and onions, all mixed up together. The man who had said that war is too important to be left in the hands of soldiers, knew that the soil was too important to be left in the hands of fellows who draw charts, and try to reduce nature within the control of their feeble maps and mathematics.

If you lack the touch, if the true inspiration does not repose in your breast, perhaps you had better stick to a plan, as a lame man must rely on a crutch. Perhaps you had better resort to mere order and arrangement in your garden, since you doubtless desire some food and even some vitamins. But do not expect us, the experienced artists, to listen to your trifling calculations, your mechanized and regimented agricultural economy. We will just go ahead by inspiration and the results, you may safely assume, will be extraordinary.

Children, obey your parents in all things: for this is well pleasing unto the Lord—Colossians 3.20.

Obedience is the key to every door.—George MacDonald.

SIDE GLANCES

"Yes, but I'm almost old enough to enlist in the Marines! I feel like Benedict Arnold when everybody asks how's my sister doing in the Waacs!"

Japan's Economic Policy

By MAJ. J. P. SIMON
Canadian Institute of International Affairs

The industrial development which has taken place in Japan cannot be understood without a knowledge of the frame work upon which it has been built. In spite of its rapid westernization in externals, Japan has in all its essentials remained feudalistic; while in the minds of many this situation is confined to the armed forces, it is equally true of finance, commerce and industry. In Japan the feudal system and the patriarchal government of an absolute state are fused.

At the base of the nation's business structure are the great family business houses; even before the China incident of 1931 they controlled a large part of Japan's finance commerce and industry. They are known as the "Zaibatsu." At the most there are 14 families in this clique, of the 14, four are outstanding, namely, the Mitsu, Mitsubishi, Sumitomo and Yasuda. It is claimed that in 1941 these four families controlled 60 per cent of the 21,000,000 yen invested in the joint stock companies of the country, and that the Mitsu alone controlled 25 per cent of that amount. If the banking interests of the Shibusawa and Kawasumi families, two other members of the Zaibatsu, are added to those of the "Big Four," the 1938 holdings of these six concerns amounted to 58 per cent of all funds held by the banks, investment and insurance companies of Japan. Each of these families are closed corporations under family holding companies, the head of the family being the hereditary chairman, and in which the head of each branch of the family represents and votes for his branch. From among them is drawn the Minister of Commerce and Industry. It is also claimed that they keep very close personal contact through marriage or otherwise with all branches of government from the Emperor down. The Zaibatsu, in conjunction with the army and navy, direct the economic policy of the country.

The second point worth bearing in mind is, that for many years Japanese industry has had a "bits and pieces" policy, such as has only recently been adopted by Canada. It has been a common policy for manufacturers to employ individuals or small workshops to make the lighter parts required for their output; in 1930 there were in Japan over 1,630,000 workshops employing less than five workers, these were spread all over the country and not centralized in urban areas, while in heavy industry, large plants in which the whole process of manufacture is carried out have been established, the policy of decentralization has been greatly developed, and owing to the wide distribution of electricity throughout all agricultural areas the formation of village trade guilds, which are given financial aid by the government, has been encouraged.

During the first decade following the Great War the main product of Japan was textiles; in 1929 over 50 per cent of the total factory employment was found in the textile industry, and for the year 1928-29 two-thirds of Japan's total exports were accounted for by raw silk, silk tissues and cotton goods of all kinds.

Between 1926 and 1935 marked change in the composition of industry took place, the total factory employment in the textile industry fell to under two-fifths, while in the heavy industries it increased from 35.3 per cent in 1930 to 49.2 per cent

in 1936, and the value of production increased from 2,097,000 to 5,034,000 yen, while due to increased efficiency, that of the textile industries increased from 2,173,000 to 3,534,000 yen.

The reasons for this rapid change from light secondary industry to heavy industry are many and complex, there is not space enough in so short an article as this to discuss them in full. One of the driving forces was the depression, and with it the collapse of the American demand for silk, which resulted in the freeing of large quantities of labor and the forcing of capital into other productive activities, added to the labor pool so provided, there was a large flow of agricultural labor to the cities and towns due to the change over of farmers to new activities.

These conditions enabled the manufacturer to compress prices, and with the fall of value a demand for goods came from the impoverished countries of the east. In addition government expenditure on rearmament and the development of Manchuria encouraged a more diversified production, which was also assisted by the fall in the value of the yen, resulting in the keeping of imports to a minimum. It can be said that the development of the metallurgical and engineering trades, including shipbuilding, were mainly, though not entirely due to government policy.

During the depression period a considerable amount of legislation was introduced to meet particular emergencies, its aim being the co-ordination and control of policy, increase in efficiency and co-operative selling, while nominally administered by government bureaus, actual administration was in the hands of the Zaibatsu. It was this legislation that later provided the base on which the wartime economic policies were built.

Before the outbreak of the China incident in 1937, steps were taken by the government to ensure that the output of armament and munitions were sufficient to meet possible demands. It that year both Japan and Manchuria adopted a five-year plan, the object being to obtain a degree of self-sufficiency in raw materials and industrial equipment. With the control of North China passing into Japanese hands, these plans were revised, and in January, 1939, they were given cabinet approval. The announced objective was the "strengthening of the national power of Japan as the stabilizing factor in east Asia, and for the fulfillment by the end of 1941 of

plans for the expansion of productive capacity in respect of national defence industries and other basic industries." To obtain these objectives the government took special steps to control and encourage the affected industries and to assist in the supply and control of technicians and financial facilities. Prior to the approval of these plans a series of acts had been passed by the Diet providing for the protection and assistance of the munition industries, they included the General Mobilization Act, and acts governing the supply and distribution of electricity.

The president of the cabinet board of planning in a statement to the Diet on March 8, 1939, said: "When the program of industrial expansion was realized throughout Japan, Manchukuo and North China (the end of 1941), Japan would become self-supplied with the following articles: Iron and steel, coal, light metals, soda, sulphate of ammonia, pulp, railway vehicles, motor cars, ships." He also gave details of the objectives set for the production of the raw materials required for

war industry. After some resistance by the Zaibatsu to such extensive control of their activities by the military party in the government, a compromise was reached by which the Zaibatsu enforce the law in conjunction with the government, and are permitted to maintain their share interest rate at 8 per cent.

WRITE YOUR CHEQUE and buy VICTORY BONDS

YOUR money on deposit at the Bank is yours to do with as you please.

Draw a cheque—make it as large as you feel you can possibly afford—and use it to buy Victory Bonds.

This is not only a patriotic service, it is sound business. There can be no question as to the safety of your investment in Victory Bonds. Canada itself, with all its resources, is your assurance of repayment, with interest.

But do not stop there. When you have bought all the Victory Bonds you can for cash, buy more, and pay for them out of your weekly or monthly earnings.

Should you require assistance in purchasing Victory Bonds, this Bank will arrange to make you a loan, repayable over a period of six months, at the same rate of interest as the Bond pays you.

Buy with your savings... buy out of earnings... buy Victory Bonds to the limit of your resources.

Fuel Requirements Of Oak Bay To Be Officially Listed

Oak Bay fuel needs are being tabulated, co-operation of citizens in leaving lists of their requirements at the Municipal Hall being requested in a circular signed by Reeve W. L. Woodhouse.

The circular now being distributed to homes throughout the municipality points out that wood of suitable quality is scarce. It states that delivery of fuel to those in need cannot be guaranteed by the municipality but that each application will be investigated and if necessary will be forwarded to a fuel dealer with a statement that an emergency exists.

Dealers have promised to co-operate as far as their supplies permit, the circular states.

The following request is made of citizens: To burn wood only when it is impracticable to burn coal; to place orders for coal and wood immediately; to refrain from burning wood in open fireplaces for appearance only; to organize wood-cutting parties which will receive the municipality's full official co-operation and to give the needed information as to fuel requirements before May 31.

Victory Loan Plans First Free Tag Day

A free tag day will be held in downtown Victoria, Saturday. Sponsored by the Victory Loan campaign organizers, it will be the first of its kind to be held anywhere in Canada, and is expected to sharpen Victoria's consciousness of the need for a definite impetus to the Fourth Victory Loan.

The tag will bear the slogan "Buy Bonds. Beat Halifax," and citizens are asked to wear the tags all through the balance of the campaign to remind themselves and their neighbors of their civic duty to beat the Maritime port in the contest as to their respective totals.

Greater Halifax is now ahead of Victoria to the tune of \$1,500,000, and the free tag day is one of the schemes by which the Victory Loan officials hope to narrow the margin and, if possible, top Halifax.

One hundred and forty high school girls, most of them from Esquimalt and Saanich, will distribute the tags between 9 a.m. and 3 p.m., Saturday. John Gough, municipal inspector of schools for Saanich, and Clive Kelly, principal of Esquimalt High School, have co-operated with loan officials to make this possible.

Absence of the customary collection boxes is the only way in which Saturday's taggers will differ from the usual. They will wear a bandolero of white silk, inscribed "Free Tag Day."

Next week National War Finance officials are planning a service club week, details for which will be made known later.

James Bay Fire Hall Proposal Endorsed

The City Council in committee Wednesday approved a recommendation from Alderman Archie Wills, fire warden chairman, calling for early opening of premises at 461 Superior Street as an auxiliary wartime firehall for the James Bay district.

In addition to giving industries in that area extra protection, the move, Ald. Wills said, would help distribute equipment now stored at headquarters and make some of it available for speedier use.

Ald. Wills thanked Alderman T. W. Hawkins, lands committee chairman, and his department for assistance in securing the building, and was in turn congratulated by Alderman J. A. Worthington on the action establishing an extra hall.

Ask Labor Support For Victory Loan

Labor's support of the Fourth Victory Loan was sought by Dennis Hagar and Capt. H. R. Lumby in talks at the Victoria and District Trades and Labor Council meeting Wednesday night.

Capt. Lumby emphasized the need for the fullest backing of the loan to provide weapons of war for the men overseas, and urged workers not only to tap their savings, but to participate in payroll deduction schemes to purchase bonds. He and Mr. Hagar answered questions on the loan, explaining the effect of purchases on compulsory savings and other items.

C. Peck reported the Electrical Workers Union had invested \$3,000 in Victory Bonds, and W. Marshall stated the Carpenters' Union had bought \$2,000 worth of the issue.

Concrete examples of instances in which castings had been made in the east and shipped to the west coast, when men were available here to make patterns and castings, were listed by W. Gennoe in answer to definite questions on his charges received from Hon. C. D. Howe, Minister of Munitions and Supply. The instances will be forwarded to Mr. Howe without delay.

Indications that transfer privileges might be restored on transportation services in the Haul-It district were given in a letter from S. Sigmundson, regional transit controller, to the council. The communication further stated Mr. Sigmundson was loath to enforce parallel parking on Douglas against the will of the City Council. Reports were heard the City Council wishes copies of briefs presented to Mr. Sigmundson.

The council decided to protest to the federal Minister of Labor against payment of lower wages to women letter carriers than paid to men whom they have replaced.

W. Bridgewood Heads Victoria Eagles

William Bridgewood was re-elected worthy president of the Victoria Aerie No. 12, F.O.E., at the annual meeting of the members.

Other officers chosen were: Worthy vice-president, J. A. Paine; worthy chaplain, W. J. Griffin; secretary, James Wilmhurst; conductor, J. Wright; inside guard, W. Yeamans; outside guard, H. Stephenson; trustees, J. Beckerly, W. H. Cox and D. D. Essler; treasurer, M. P. Paine; doctors, Dr. A. D. Bechtel and Dr. W. W. Stewart.

Annual banquet of the order will be held at 7 Saturday night at Eagles' Hall, View Street.

Fined for Selling Lottery Tickets

HAMILTON (CP)—In a test case here Magistrate H. A. Burbridge found the lottery operations of the Big Five Railway Employees' Club, headquarters of which are in North Bay, Ont., "are illegal and contrary to the provisions of the Criminal Code."

"I am not suggesting for a minute that it is a racket, but I will suggest that it is very, very far from being a charitable organization, and there is no question but that it is illegal," the magistrate said, in giving his decision Wednesday.

The question of the legality of the monthly lottery conducted by the club which has some 80,000 to 90,000 members in the province, was discussed during the hearing of the charge of conducting a lottery laid against Hugh Burrows, one of the club members who admitted he had sold lottery tickets. He was fined \$50 and costs.

Churchill Inspects Secret R.A.F. Craft

LONDON (CP)—The Daily Express said today that Prime Minister Churchill recently visited a closely-guarded airfield to inspect test models of new secret R.A.F. aircraft which will be placed in Britain's new battle fleet of the air.

The newspaper said some of the new planes are of revolutionary design and are powered with engines hitherto unknown to the public and unfamiliar even in the aircraft industry generally.

The Prime Minister, accompanied by scientists, production experts and service chiefs, was reported to have asked about the planes' flying characteristics and possibilities of their mass production and then to have watched them fly through a series of stunts previously believed impossible.

The Express said the test models included heavy and medium bombers, reconnaissance and fighter aircraft, some of them adaptable to two or three types of duty.

Plan Credit Union For Dockyard Workers

Organization of a credit union for employees of H.M.C.S. Dockyard, which was discussed at a meeting of directors of the National Defence Civil Employees' Association Monday night at the Y.M.C.A. was under way today by a three-man organizing committee appointed at the Monday meeting.

Committeemen include Walter Benson, J. Thomas and J. S. H. Notley, who hope to have the

union in operation by the end of the month. Prospective members are asked to get in touch with the committee at once.

Other matters concerning civil servants were discussed at the Monday meeting which was presided over by J. J. Comerford.

15 Flags Stolen

Theft of 15 flags—five Canadian, six Union Jacks and four not identified as to nationality—from a company float entered in the Victory Loan parade last Saturday, was reported to city police Wednesday by V.M.D. officials.

All flags, the company reported, were in good condition and were the property of the provincial government.

Taking of gasoline from workmen's cars parked on the V.M.D. lot near No. 2 plant was reported to police on behalf of the employees. Complaints are being turned over to city detectives.

Heads Musical Art

MRS. WM. ELLIS.

Mrs. Wm. Ellis was elected president of the Victoria Musical Art Society at the annual meeting held Wednesday evening at the Y.W.C.A., succeeding Mrs. E. W. Hetherington, who retired after three years in that office.

Other officers chosen were: First vice-president, Miss Ethel James; second vice-president, Mr. Reginald Cox; treasurer, Mr. John Gough, and secretary, Miss Mary Adamson.

These appointments were made at the executive meeting held following the annual meeting when seven directors were elected: Mrs. Pierre Timp, Mrs. Llewellyn Jones, Miss Mary Adamson, Miss Dorothy Francis, Miss E. Brumpton, Miss Ethel James and Mr. Eddie Hulford.

The following members remain on the board of directors for the year 1943-1944: Mrs. E. W. Hetherington, Mrs. R. D. McCaw, Mrs. R. W. Hannington, Mrs. H. F. Lasenby, Mr. Reginald Cox and Mr. Stanley Shale. Mrs. John L. Clay retired from the office of secretary, having served for six years.

For the first time in the history of the society the honorary president, Mrs. J. O. Cameron, was unable to be present.

Conveners were appointed as follows: Membership, Mr. R. Cox, Miss E. James; publicity, Mrs. H. F. Lasenby and Mr. E. Hulford; official pianist, Mrs. Grace Timp; program conveners, Mrs. J. O. Cameron, Mrs. W. Ellis, Mrs. E. W. Hetherington, Mrs. Stanley Shale, Miss Brumpton, Miss M. Adamson, Miss Dorothy Francis, Mrs. H. F. Lasenby and Mrs. Pierre Timp. Mrs. R. D. McCaw and Mrs.

Timp will continue to advise the intermediate group and Mrs. Ellis and Mrs. Llewellyn Jones the juvenile branch.

In her review of the year's activities, Mrs. Hetherington suggested raising the membership fee "to enable the society to pay higher artist fees and thereby offer the public program of greatest artistic value." Regretting that the scholarship fund had not been augmented nor used this year, the retiring president also suggested that the Music Teachers' Association be asked to make recommendations with regard to students they consider worthy of assistance in advanced training and a standing committee be appointed to act as talent scout, advocated withholding scholarship grants until such time as the society is strong enough to pay fees at least approximating professional sums for the later engagements of these winners.

Mrs. John L. Clay, secretary, reported a membership of 352; seven concerts had been given. The treasurer, Miss E. Brumpton, announced a bank balance of \$235.53. A cheque for \$100 has been donated to the newly formed Symphonic Society.

Encouraging reports were also given of the intermediate and juvenile groups, with 86 and 52 members respectively. Intermediate, under the direction of Mrs. R. D. McCaw, has continued the Sunday night concert at Macaulay Point despite difficulties of transportation.

After the business some of the ensemble numbers given recently at the Myra Hess concert were repeated by members of the intermediate group.

Personals

Miss Barbara Ashworth of Vancouver is visiting here as the guest of Mrs. Norman Tetherington, Cadboro Bay.

Miss Mary Kingsley has returned to Parksville after spending a few days in Victoria as guest of Miss Joy Merrimah.

Mrs. H. E. Ridewood and her daughter, Miss Ann Ridewood, returned to Victoria Tuesday after spending several days in Vancouver.

Mr. and Mrs. W. R. Britton, of Vancouver, are visiting in Victoria for a few days, and are the guests of Mr. and Mrs. Frank Patterson, Craigdarroch.

Mrs. F. R. W. R. Gow, who has been visiting her mother, Mrs. David Donald, here for some time, expects to leave at the end of the week for her home in Ottawa.

Miss Marianne Fraser entertained at a small luncheon party today at the home of her mother, Mrs. Gilbert Fraser, Transit Road, in compliment to Miss Peggy Hamilton, popular bride-to-be of this week.

Mrs. H. Cuthbert Holmes entertained a few friends at a coffee party this morning at her home on Newport Avenue for her daughter, Mrs. Woodburn Thomson, who is visiting her parents from the mainland.

Mr. and Mrs. F. W. Ross of Winnipeg, who have been guests at the Empress Hotel for the last 10 days, left Tuesday for the mainland, en route home. They were guests of honor when Mr. and Mrs. Ronald Graham gave an after-five party in Vancouver Wednesday.

Mrs. J. R. Brown and her little son, Bobbie, arrived from Hampstead, Montreal, Wednesday to spend two months with her parents, Mr. and Mrs. A. O. Noakes, Falkland Road. Mrs. Noakes went over to Vancouver to meet her daughter.

Mrs. Landon Barnes and her small son, Michael, have arrived from California to attend the wedding of her niece, Miss Ann Ridewood. They are the guests of Mrs. Barnes' brother-in-law and sister, Dr. and Mrs. H. E. Ridewood, St. Charles Street, who also have Miss Daisy Dodd, Revelstoke, staying with them.

Five Victoria officers were present when C.W.A.C. officers stationed at the Victoria Barracks, Vancouver, were hostesses at luncheon Wednesday. Covers were laid for Mrs. G. R. Peakes, wife of Maj. Gen. Peakes, O.C. Pacific Command; Mrs. W. H. S. Macklin, wife of Brig. Macklin, O.C. Vancouver Barracks; Flt. Officer K. Shuttlewood, R.C.A.F. (W.D.); A.S.O. W. Blenkinsop, Victoria; Maj. L. McIlvenna, Capt. M. Tomalin, Victoria; Lt. P. C. Laird, Lt. N. Jones, Lt. L. Murray, Victoria; Lt. M. Burgess, Victoria; Lt. B. Bullock-Webster, Victoria; 2nd Lt. D. Francis, 2nd Lt. L. Arlow, Victoria, and 2nd Lt. M. Stevenson.

Miss Adele Murdoch, whose marriage will take place Saturday, was guest of honor Wednesday evening at a miscellaneous shower given by her sister-in-law, Mrs. Brent Murdoch, and her sister, Miss Audrey Murdoch, at their home, 2015 Chaucer Street. The bride-to-be received a corsage bouquet of gardenias, white sweet peas, and lily of the valley, and was presented with many gifts from an umbrella decorated in white, pale yellow and lavender. Later in the evening a buffet supper was served by the hostesses. Mrs. A. C. Murdoch presided at the table which was centred with a lovely arrangement of spring flowers in a black bowl and lighted by ivory tapers in matching holders. Other guests were Mesdames A. J. E. Bishop, W. A. Gornall, J. Smith, Harrison, J. Terry, H. Barber, S. Britt, D. Nairne, Gregory Smith, Young, W. Davis, K. W. Murdoch, S. Brenton, and Misses G. Sunderland, Dorothy Adams, Gwen Stokes, Jean Fenwick, Enid Bates, Gladys Harrison and Joyce Murdoch.

Miss Lillian Barber entertained Tuesday evening at the home of her mother, Mrs. E. C. Barber, 1716 Davie Street, to honor Miss Mabel Palmer, popular bride-elect of this month. The guest of honor received a corsage bouquet of carnations and violets, together with many gifts contained in a

Made-Over Clothes New Sign of Chic, Says Mrs. Aitken

Canada needs to save materials, manhours and production machinery and 79 per cent of the women across the country are in a position to help with the job by making over clothes, Mrs. Kate Aitken of Toronto, who is in Victoria to make arrangements for the showing of a Remake Revue here, May 25, stated in an interview at Empress Hotel today.

The revue, which consists of 42 made-over costumes, will be presented at 2 p.m. in the Empress and at 8 p.m. in the Victoria High School on May 25, when Mrs. Aitken, who is supervisor of the Conservation Program for the Wartime Prices and Trade Board, consumer branch, will appear as commentator. Junior League to the Solarium will provide adult models and the Wynne Shaw Dancing School, child models.

"Purpose behind our revue is to halt retail buying of new yardage," declared Mrs. Aitken. "We know that some people, newly employed, must do considerable buying—essential buying, but about 79 per cent of the women of Canada are in a position to really go in for the re-making of clothes in their own and their husband's wardrobe."

The revue, she stated, has met with great success in eastern cities and already 34 re-make sewing centres have been set up. Simplified patterns and expert volunteer leadership are enabling women to make smart, up-to-date clothes from men's suits, ladies' evening gowns and fancy afternoon dresses.

Canada, she said, was the first country to produce the particular display book used for the making over of garments. Mrs. Aitken will leave for Vancouver tonight.

Nurse Bride Today Of Naval Doctor

A nurse and a naval doctor were the principals in the quiet wedding of Dominion-wide interest which took place this morning at 11 in Christ Church Cathedral, when Rev. G. E. Graham, naval chaplain, united in marriage Miss Edith Mary Gayler of Longueuil, Que., and Surgeon-Lieut. Lawrence H. Battersby, R.C.N.V.R., Esquimaux.

The bride is a graduate of the Montreal General Hospital School for Nurses, and the groom obtained his B.Sc. degree in the class of '39 and in medicine in '42 at McGill University. He was on the staff of the Hamilton Hospital, Bermuda, and interned at the Montreal General Hospital.

The bride, who arrived Tuesday from the east, was given in marriage by Surgeon-Commander C. W. McCharles, R.C.N.V.R., and wore a smart tailored suit of powder blue and a matching hat, trimmed with veiling. Her accessories were navy blue, and her corsage bouquet was composed of gardenias and sweet peas. Her only attendant was Mrs. McCharles, wearing an afternoon frock of pale green crepe, with a darker green hat and accessories, and a corsage bouquet of gardenias and lily of the valley. Surgeon-Lieut. Grant Donnelly, R.C.N.V.R., supported the groom.

After a honeymoon up-island, for which the bride donned a tweed topcoat, Surgeon-Lieut. and Mrs. Battersby will make their home in Victoria.

At the meeting of the Stagette Club on Monday evening, a publicity campaign was put under way to advertise the Penny Parade and dance to be held June 3. Next meeting will be at the home of L. Metro, 503 Government Street, May 10.

Beaver Club Bassinet Aids Dime Shower

The sum of \$190 was raised for the "April Shower of Dimes" by means of a prettily-decorated bassinet, which had been trimmed by members of the Hudson's Bay Company Beaver Club, and given to the Solarium Junior League to aid in the shower.

The recipient of the bassinet was announced Wednesday morning, at a ceremony which took place in the manager's office at the Hudson's Bay Company, F. V. Sellers, president of the Beaver Club, and Mrs. W. McEwen, convener of the "April Shower of Dimes," officiating.

W.A. to the Canadian Dental Corps met Monday at the Y.W.C.A., Mrs. J. C. Foote presiding. Handkerchiefs, to be hemmed, were given out. An invitation was extended by the president to a tea at her home May 19.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain, often need a nerve and general tonic. Glycero Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal; if the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.50 at all Cunningham Drug Stores and other Drug stores. Nurses Establish Placement Service

In an effort to offset the shortage of nurses caused by enlistment in the services, and the falling off in the number of girls entering the nursing schools, the Registered Nurses' Association has arranged for Nurses' Week, from May 9 to 16.

The recently-organized placement service of the Registered Nurses' Association of British Columbia is the first service of its kind in Canada. It is supported by all registered nurses in the province, and is being studied by the Canadian Nurses' Association as well as the Registered Nurses' Associations in other provinces.

The bureau acts as a clearing house for any hospital, organization or individual requiring nurses, and operates on a 24-hour basis. As well as the placement of private duty nurses at any time of the day or night, the service is available to hospitals, industries and all organizations seeking the services of nurses as administrators, teachers, supervisors, and in public health.

The service is known as the provincial placement service of the Registered Nurses' Association of British Columbia, and is located at 1001 Vancouver Block, Vancouver.

Personal Notes

A number of garden enthusiasts visited "The Rocks," Cook Street, the home of Mrs. Dave Spencer, Wednesday afternoon, to see her garden, just now at the height of its springtime loveliness and, despite the rain, over 500 was realized for the Red Cross. Because of the weather, many visitors canceled their visit to "The Rocks," and for this reason Mrs. Spencer has kindly assured Miss Alice Pooley and Miss K. Fraser, who were responsible for yesterday's affair, that the gardens will again be open to the public in aid of the Red Cross later in the season.

In honor of Mrs. C. M. Homer, formerly Peggy MacAlpine, a delightful tea was held by fellow employees of David Spencer Limited, at the wishbone tea-room. The bride was presented with a corsage bouquet of pink roses and mauve sweet peas. Mrs. Homer was the recipient also, of a bungalow set and several pieces of pyrexware. Mrs. E. Henry poured tea, assisted by Miss Eileen Scholes. Those present were: Mesdames G. Bullock, C. Nichol, P. Partridge, D. Russell, L. Clough, E. Seed, A. Berry, R. Davidson, R. Knowles, and the Misses Aline Brenen, Eleanor Gray, Edna Bennett, Mae Mellicks, Kay Turner, Dolly MacAlpine, Doris McNeill, Juanita McPherson, Eunice Vye, Kay Gregson, Kathleen Cornish, Pearl Meagher, Betty Honess, Emily Wakelyn, Marie Clarke, Violet Dickinson, Doreen Browning, Georgina Rymer, Beryl Earl and Donna Rex.

Great Britain's population of about 46,750,000 (9,000,000 of which are children under 14 years of age) had up to November 24, 1942, contributed the sum of £4,668,904,000 (\$20,669,533,760) in war loans, saving schemes and free gifts.

"War Weapons" Weeks in Great Britain from September, 1940 to June, 1941 (the period of the heavy "Blitz") totalled \$48, and produced \$462,224,824 (\$2,047,647,110). Other similar weeks have been held since with equal success.

W.A. to Pro Patria Branch, Canadian Legion, B.E.S.L., met in Hard-of-Hearing Hall, Douglas Street, Monday evening, with President Mrs. W. P. Trace in the chair. An invitation has been extended to all members of the auxiliary to attend a meeting in Britannia Branch W.A. rooms, View Street, Friday afternoon at 2. Robert Macnicol, executive secretary, B.C. Command, will be the speaker.

Princess Grows Up

Princess Elizabeth, who has just had her 17 birthday, is shown at saluting base during a full inspection of her regiment in the southern command in Great Britain. Princess Elizabeth, a colonel of the Grenadier Guards, wears the regimental badge in her hat.

Woman Wins \$9,500 Bungalow

VANCOUVER (CP)—Convinced her luck has changed for the better is Mrs. Dorothea Miezies, 28-year-old war worker who came to Vancouver after losing her home when the Japanese took Singapore. Wednesday night she won a \$9,500 bungalow in a draw sponsored by a service club with tickets at \$1 apiece to raise funds for a recreational centre for servicemen. Her husband, Lieut. D. A. Miezies, serves with a British regiment at Malta while she and her seven-year-old daughter Bunty have been making their home in West Vancouver.

W.A. to Pro Patria Branch, Canadian Legion, B.E.S.L., met in Hard-of-Hearing Hall, Douglas Street, Monday evening, with President Mrs. W. P. Trace in the chair. An invitation has been extended to all members of the auxiliary to attend a meeting in Britannia Branch W.A. rooms, View Street, Friday afternoon at 2. Robert Macnicol, executive secretary, B.C. Command, will be the speaker.

P.T.A. News

Oaklands P.T.A. met in the school auditorium Monday evening, Mrs. W. Blair presiding. A report of the convention in Vancouver was given by the delegates, who stated Oaklands had attained the largest membership in B.C. Mrs. W. M. Brown, membership convener, was congratulated for her untiring efforts and presented with a plaque, a token of appreciation from the association. Miss E. McCleod was presented with a prize for the best planned program of the year, presented by the B.C. Federation.

Mrs. G. Hughes, Mrs. J. Wright and Mr. H. Ralston were elected nomination committee for the coming election. Mrs. A. B. Smith, Red Cross convener, announced a Red Cross tea to be held at the school on the afternoon of June 2. Miss Mary Baldwin gave an interesting talk on nutrition. Visitors included Mrs. M. Davis, and Mrs. Howard, vice-president of Sir James Douglas P.T.A. Later games were enjoyed, prizes awarded and refreshments served.

WILLOWS P.T.A.

Willows P.T.A. will meet at 8 Tuesday in the Annex of the old Oak Bay High School, when the president, Mrs. A. J. Bewley will give a report on the recent P.T.A. convention. Election of officers will be held, after which they will be installed by Mrs. M. W. Dawson, president of the P.T.A. Council. An address will be given by Mrs. A. Carmichael on the Women's Regional Advisory Committee and the National Housing Registry. Fine Arts Group will meet at the home of Mrs. L. Neelands, 1898 Lullie Street, May 17, at 8.

CLOVERDALE P.T.A.

Cloverdale P.T.A. met in the school on Wednesday evening, president, Mr. H. J. Curry, in the chair. Mrs. M. J. Brown reported on plans for the Spring Fair to be held in the Lake Hill Community Hall on Wednesday, May 12, at 3 o'clock.

Mr. Curry, as delegate, reported on the annual convention. Following the business session, Mr. A. Sullivan, inspector of high schools, spoke on mental hygiene in modern education and its application in classroom activities. A collection was taken for the Solarium, after which refreshments were served.

Woman Doctor Tests Poison On Herself

LONDON (CP)—Mentality lingers on even in approaching death. That is the conclusion of Dr. Helen Barnes of London who, to test a theory, took arrow poison, the stuff used by South American Indians which paralyzes the nerve endings and often brings death from stoppage of breathing due to failure of the inspiratory muscles.

"My sensations were dramatic," she wrote in the Lancet, publication of the British Medical Association. "At once my vision became blurred and almost 'blacked out.' Then came double vision which persisted for two hours. Then came dropping of the upper eyelids, a sign of paralysis of a nerve."

"It was accompanied by extreme prostration, fatigue, a sense of impending death and a sensation of constriction in the throat. Mentality appeared normal throughout."

Rockland Park W.C.T.U. met at the home of Mrs. L. A. Moody, Prior Street, Mrs. Twamley Sr. and Mrs. Lovatt taking the devotional period. Letters of thanks for prizes of War Savings Stamps were received from Sunday schools. Mrs. R. Twamley will see to the transportation of the library books which have been in Mrs. W. J. Parry's care for three years. Mrs. F. W. Laing presented a number of books to the library recently. Members promised pieces of material and jewelry for quilts and toys for babies. The contents of the Save-the-Children Fund box were ordered sent to the provincial treasurer. It was suggested that small mystery parcels be brought to the next meeting to be sold and the money added to the box. Annual meeting June 7, at the home of Mrs. Lovatt, 2038 Milton Street, for election of officers and reports. The hostess served refreshments, assisted by her daughter, Mrs. English.

Colfax Rebekah Lodge met recently in the I.O.O.F. Hall, Mrs. A. Passmore, V.G., presiding. An enjoyable social hour was spent under the convenship of Mrs. M. Silver. Very pleasing were the solo numbers rendered by Mrs. L. Hardy and Miss N. Savin. A pageant representing the order was well received. Those taking part were: Mrs. M. Somerville, Mrs. M. Penman, Mrs. E. Baron, Mrs. H. Graham, Mrs. A. Passmore, Mrs. A. Hopkins. Recitations and community singing brought the evening to a close. Degree will be conferred at the next meeting, May 11, at 7.30. Rummage sale, May 8, at 1417 Government Street.

War-time Upsets Increase Need Of Juvenile Care

If the six psychological needs of a child are met by his home and school, he will have morale and be able to stand up to the strain imposed by wartime remarkably well. Dr. S. R. Laycock, director of the Division of Education and Mental Health, told an interested audience gathered in the Central Junior High School Wednesday evening under the auspices of the Victoria and District P.T.A. Council.

Those six basic emotional needs, he explained, are: The need for affection at home, and the warm regard of teachers and playmates; the need for belonging to the family group, the class, the school and the play group; the need for independence, to make one's own decisions, to choose one's own friends and stand on one's own feet; the need for social approval, to feel that one's actions, personality, conduct are approved by others; the need for self-esteem, what our grandfathers called self-respect; and the need for achievement, to make things, to achieve things through effort and work.

Speaking of the effects of war on children and adolescents, Dr. Laycock pointed out that those soldiers, civilians and children who break down under war strain are mainly those who, in early life, have a history of morbid fears, irritability, temper outbursts, shyness, seclusiveness and other forms of so-called "nervousness." One of the lessons learned from England's experience of the blitz was that children stand bombing remarkably well if they have already developed wholesome adjustments and feel secure in the love and affection of their parents, he pointed out.

But the disorganization of family life caused by war factors was the biggest threat to a child's emotional stability, claimed the speaker. For this reason, the next two years would be critical ones for the children of Canada, with more and more men and women entering the services. Planning by local communities and school authorities, and the establishment of nursery schools and children centres, have been inaugurated in some places to good effect, he said.

Gaining emotional emancipation from the family was important for adolescents, who must be taught to stand on their own feet, to make their own decisions. They can be helped at high school age to do this, through guidance classes and extra curricula activity. Such steps will help to counter tendencies toward delinquency, in the opinion of the speaker.

Harold Campbell, inspector of schools, presided. Musical numbers were contributed by Shirley Gunn and Wm. Lorendi. St. John's A.Y.P.A. held an initiation service in the chancel, conducted by Rev. George Biddle, when three candidates were admitted into membership, Marjorie Magdes, Marjorie Symonds, and Fred Clegg. At the business meeting five guests were welcomed: Betty Wilson, Gerald Butterfield, Bernard Freeman, Louis Klock and Dick Borden. Resignation of the recording secretary, Mrs. Eileen Hooper, who is leaving to join her husband back east was accepted with regret. Corporate Communion and breakfast will be held Sunday at 8, followed by Bible Class.

Another Frigate to Fight Axis

Mrs. W. G. Wilson represents native city at launching.

H.M.C.S. New Glasgow becomes waterborne.

Destined to help the constantly growing fleet of escort vessels keep the Nazi submarine menace under control, another sleek Canadian-built frigate, H.M.C.S. New Glasgow took her maiden dip at a west coast Canadian port Wednesday evening.

The frigate was sponsored by Mrs. W. G. Wilson, wife of Dr. W. G. Wilson, former minister of First United Church, who was asked by Navy Minister Angus Macdonald to perform the ceremony.

Mrs. Wilson was born in New Glasgow, her father having been mayor of the city and at one time lieutenant-governor of Nova Scotia.

Mayor J. G. Cotter of New Glasgow also sent his felicitations, informing Mrs. Wilson that the city of New Glasgow felt honored that a former citizen would preside at the christening ceremony.

The knife-crowded, business-like frigate was launched punctually at 7.30 with a large crowd of navy men and civilians looking on.

Before the ship started down the ways she was blessed according to naval tradition by Rev. Father A. B. W. Wood, R.C.N., Roman Catholic chaplain, and Rev. G. L. Gillard, R.C.N., of the United Church.

Capt. Massey Gooden, D.S.C., R.C.N., attended the launching as representative of the Canadian Navy.

Red Cross Notes CORDOVA BAY UNIT

Under the auspices of the Cordova Bay Red Cross Unit, a tea was held in the Coffee Shop, Friday afternoon. The room was decorated with spring flowers and the tea tables centred with forget-me-nots and polyanthus. Mrs. C. C. Wilson, guest speaker, and Mrs. A. Bramhall, a member of the unit who is leaving to make her home in Victoria, were given a corsage of wild orchids. Mrs. C. C. Wilson spoke, from her own experiences and knowledge, on India, the country of her birth. A vote of thanks for her interesting address was moved by Mrs. Noel Thomas. Mrs. B. Dyer, assisted by Mesdames Ian Jack, C. H. Spicer, George Ross and Bramhall, were in charge of the tea, and the Misses Barbara Brown, Betty Murry and Eleanor Nelson served the guests. Mrs. Allan read tea cups. Mrs. J. Adam acted as treasurer for the afternoon, the proceeds amounting to \$14.40.

Lake Hill Unit general meeting will be held Monday afternoon at 2.30.

Playground Activity Volunteers Needed

Call for volunteers to assist park supervisors during summer vacation went out from supervised playground committee of Council of Social Agencies this week as plans for continuation of the program revived last year were considered.

"Our particular need," said Ald. P. E. George, chairman, "is leaders who could interest boys in various recreational activities. We need others for girls as well, but at present arrangements for the boys appear more pressing."

This year the committee plans to provide supervision in two parks, Beacon Hill and Central, to furnish activity for youngsters during summer vacation and to help curb early tendencies to delinquency which might arise if children lack adequate healthy outlets for their energies.

The playground program will open early in July and continue through August. It will include group games such as softball and simple sports as well as hobbies and interest activities.

To co-ordinate work between volunteer assistants and the professional supervisors, Mrs. W. Blair has been appointed liaison officer. Anyone in a position to give a limited amount of time to the work is requested to contact the council office, E 8322. Volunteers need not be experts.

LONDON (CPT) — The British Air Ministry has devised a new weapon to meet air attacks — a mobile balloon barrage, easily moved to any point where it is needed.

Soil for a window box can be sterilized by putting it in the kitchen oven with a potato buried in it; when the potato is thoroughly baked the sterilization is complete.

Canada Needs Nurses Now And Needs Them Urgently

You May Qualify to Take Your Place
in This Vital, Courageous Work

Help Contribute to the War Effort

If you are a Graduate Nurse your services are vital in War Plants and other industries to look after the health needs of the workers.

In a variety of public health agencies you maintain health and prevent illness through your efforts directed toward all members of the community. You will conduct programs in school nursing, child and infant welfare, venereal disease, tuberculosis and other communicable disease control, pre and post-natal care, family health instruction.

You will work in civilian hospitals, at bedsides in homes, restoring the sick to health, and to active participation in Canada's contribution toward winning the war.

You will care for the sick and wounded in military hospitals, at home and abroad, in the army, air force and navy.

As a student nurse, during your three-year period of training, you will help to staff civilian hospitals, and so release graduate nurses for active duty with the armed forces. You are an important part in maintaining the health, and, consequently, the strength and morale of the home front.

Nursing Offers a War Service With a Future

By entering the career of nursing you are trained in an occupation that has opportunities for lasting community service. Should you marry, as many nurses do, you will be a better wife and mother. In the post-war world expanding health work, Dominion health insurance, and post-war reconstruction will open up fields of endeavor for you with adequate training.

You May Qualify

If you are between the ages of 18 and 30 (in some cases the age limit may be extended) with an educational standing of junior matriculation or better, you may qualify. If you have an advanced college education, you will be better able to climb the ladder of experience, and have more opportunity to become a leader.

Schools of Nursing in Victoria

Make your inquiries now to the Director of Nurses at St. Joseph's Hospital, or the Royal Jubilee Hospital.

For information about other schools, write to:

Registered Nurses' Association of British Columbia,
1012 Vancouver Block, Vancouver, B.C.

This space gladly contributed in aid of
NURSES' WEEK, May 8 to May 15
by the

Council Ratifies 37-Mill Tax Rate

The City Council, meeting briefly Wednesday, passed its routine tax by-laws, officially ratifying a 37-mill tax rate and clearing the way for issuance of

tax bills to property owners in Victoria.

By-laws included the annual expenditure, tax, boulevard tax and cluster light by-laws. They will be formally completed with final passage next Monday.

At the same meeting water-works office supply tenders were opened and referred to the chairman of the water board and the proper officials for action.

"Out on the
station
we've got to
step lively!"

IT TAKES MORE than a uniform to make an airwoman... proper food plays a vital part in the process.

THIS IS WHY all men and women in military service get suitable amounts of the health-protective foods. Our Nutrition Authorities also ask us, as civilians, to eat "protective" foods, including a whole grain cereal every day.

NABISCO SHREDDED WHEAT is a "whole grain cereal"—100% whole wheat with all the goodness and food-energy of Canada's world-famous wheat. Serve Nabisco Shredded Wheat for Fitness... save War Savings Stamps for Victory!

By PETE SALLAWAY

PACIFIC NORTHWEST tennis lost one of its most colorful and courageous campaigners in the death Tuesday of Henry (Hank) Prusoff, Seattle's nationally known star. Hank's passing closes out one of the greatest comebacks we have ever known in the world of sport. He will always be remembered as one fellow who didn't know the meaning of the word quit.

Several years ago Prusoff was so badly injured in an elevator accident that it was thought he would never walk again. But doctors and friends, alike, failed to take into consideration the great fighting heart of the dark curly-haired Hank. After about a year on his back Prusoff was up and walking around. It was not long until he was back on the tennis courts to start an amazing climb which swept him to national ranking. Prusoff's greatest successes on the court took place after he came back from the brink of a life confined to bed.

Before his injury, Prusoff's game depended on his ability to volley, serve and run. He was exceptionally quick on his feet and he had brains. But his big weakness was his ground game. So big Hank went east for a

season on grass. It proved his making. Flattening out his strokes Prusoff gained recognition as a doubles player. He shared in many triumphs with various partners, and, in 1940, partnered with Gardner Mulloy of Florida, won the No. 3 spot in national doubles ranking. That same season he took the No. 8 national singles ranking. One of his outstanding successes in singles was a victory over Bryan (Betsy) Grant.

Prusoff will always be remembered by local tennis followers for his bullet like service and his many great battles at the Victoria lawn against that other Seattle veteran, Mal Dranga, and those scrappy youngsters from California, who visited here yearly for the B.C. championships. Prusoff was a likeable chap and he will be missed wherever tennis fans gather. He fought to the last as evidence by the fact that just before his passing it was announced he weighed no more than 75 pounds.

The Beacon Hill Park greens of the Victoria Lawn Bowling Club will, weather permitting, be opened for play Saturday afternoon. The official opening will be held Saturday, May 15.

Major Baseball

Carrasquel Surprises

A lot of pitching surprises, as well as surprising pitchers, have sprouted this spring in the major leagues, but none has been any more amazing than that young man from Caracas, Senor Alejandro Carrasquel of Washington Senators.

The big Venezuelan is listed in the record books as 29 years old, 30 next July, but in appearance he looks to be anywhere between 30 and 40 and his teammates say there is no telling exactly how old he really is.

Anyway, he has been with Washington for four years prior to this season without ever winning more than seven games. He reached this normal peak last year, when he also lost seven.

In the face of this undistinguished precedent big Alex has opened the 1943 campaign by whipping Philadelphia Athletics three times to take his place among a select little group of hurlers who have won three games without a defeat.

Wednesday he beat them again 8 to 1 on four hits and the only run against him came on an error in the ninth. Unfortunately Carrasquel can't keep pitching against the Athletics all season, but he already has accumulated almost half his total wins of a

year ago and has had a lot to do with keeping the Senators sailing along in third place in the American League.

YANKS HOLD LEAD

The New York Yankees remained on top of the American League by nailing out the Boston Red Sox 4 to 3 again in the ninth inning.

Second place Cleveland Indians divided a doubleheader with Chicago White Sox. They won the first game 2 to 1 but dropped the nightcap 5 to 2.

Frank (Stubby) Overmire secured his place among the year's surprising new pitchers by holding St. Louis Browns to four hits while Detroit Tigers rapped out a 5 to 1 decision.

Brooklyn Dodgers plowed Philadelphia Phillies back into the National League cellar with an 18 to 6 drubbing on the strength of 23 hits good for a total of 30 bases.

St. Louis Cardinals were set down 2 to 1 in 14 innings by the Chicago Cubs, New York's groggy Giants swept a doubleheader from Boston Braves 5 to 1 and 7 to 3 while Bucky Walters pitched and battled Cincinnati to a 3 to 2 triumph over Pittsburgh Pirates.

All Winnipeg Race Meets at Polo Park

WINNIPEG (CP)—Racing fans in Winnipeg this season will see their favorites run on one track—at Polo Park—instead of two, it was announced today. Whittier Park, operated by the Manitoba Jockey Club in St. Boniface, across the river from Polo Park, will be closed. Winnipeg Park, located on the city's main streetcar line, affords easy accessibility for race patrons. The Manitoba Jockey Club meeting opens May 28.

Baker Sensational As Flyers Defeat Windsor

One Man Show

VANCOUVER (CP)—Box score of Wednesday night's Flyers-Windsor basketball game follows:

Windsor	F.G.	F.S.	Pts.
Bill Coulthard, f.	5	0	10
Don Hamilton, f.	3	1	7
Mike Patrick, f.	0	0	0
Gordon Lawson, f.	2	2	4
Fred Thomas, c.	6	2	14
Jack Blair, c.	2	2	6
Mort Bunnell, g.	0	0	0
Gene Durocher, g.	1	3	5

Ralph Pay, c.	4	0	8
Ian McKeachie, f.	0	0	0
Bob Phelan, f.	0	0	0
Ollie Goldsmith, g.	4	0	8
Irwin Stout, g.	1	1	5
Ralph Baker, g.	0	0	0

Legend—F.G., field goals; F.S., fouls scored; P., personal; Pts., points.

Officials—Len Leach and Joe Hall, both of Vancouver.

V.M.D. Beat R.A.F. In Cup Football; Payne Scores Two

Pair of goals by centre-forward George Payne and one by outside right Jimmy Hall, carried Victoria Machinery Depot to a 3 to 0 victory over the R.A.F. in Wednesday night's McGavin Cup soccer semifinal. V.M.D. will engage the Navy in the final Wednesday night at Macdonald Park.

V.M.D. took the field with Parks, Bell and Morgan missing from their forward line, while the R.A.F. had only five regulars stripped.

Slippery field and ball made playing conditions difficult and there was considerable miscalculation. R.A.F. had every bit as much of the play as their opponents but their work in front of the net was weak. With two minutes of play remaining in the first half Payne took a pass, through the middle, from outside left Barney Barns, well and whipped a low shot past goalie Cockroft. Sweeping back on the attack the shifvards made it 2 to 0 when outside right Hall caught the corner of the net with a cross shot on a pass from Blakeburn.

Picking up a loose ball in front of the R.A.F. goal, Payne rifled it into the top of the net for the only score of the second half. R.A.F. came close to scoring when Martin, outside left, rattled the crossbar from close range. Joe Obee refereed.

Preakness Attracts Three Sure Starters

BALTIMORE (AP)—Count Fleet galloped three-quarters of a mile in 1:17 Wednesday—under heavy restraint and raring to go—and the trackwise lads saw it as just another reason why the field for Saturday's 53rd running of the rich Preakness Stakes probably would be the smallest in 54 years.

Only two colts were regarded as sure starters against Mrs. John D. Hertz Kentucky Derby winner, and even if a third is sent against the Count, the field still would be smaller than the six-colt pack which started in 1939.

It would also be the smallest since 1889, when only two horses went to the post.

The two certain starters are William L. Brann's Vincentine and Blue Swords, the Allen T. Simmons color-bearer which follows the Count as faithfully—if not as closely—as his shadow.

Novikoff Suspended

LONG BEACH, Calif. (AP)—Lou Novikoff, one of the top 300 hitters of Chicago Cubs had last year, said Wednesday he had received notice from the Cubs' general manager, James Gallagher, that he was being suspended for failure to report.

Gallagher sent along a carbon copy of the suspension notice that he mailed to President Ford Frick of the National League. Novikoff said. "This is the first development of any kind in my case that I know of since I returned my contract March 18. The Cubs haven't offered anything more than the \$500 increase over my 1942 salary of \$5,500." He has been holding out for \$10,000.

EAGLES PRACTICE—A practice of the Eagles baseball team will be held tonight at 6 at Athletic Park.

Scores 37 Points In 58-48 Win

VANCOUVER (CP)—A new individual record for senior men's basketball on Vancouver floors was in the record books today—a 37-point spree by ACL Norm Baker that gave Victoria R.C.A.F. a 58 to 48 victory Wednesday night in the first game of the Dominion finals.

Second game of the three-of-five series will be played Friday and the third Saturday. If further games are needed they will be played Monday and Tuesday.

Baker displayed his flashiest form in the fourth quarter when he tossed 15 points through the hoop.

These 15 points and four by his teammates enabled the British Columbia champions to wipe out Windsor's five-point lead and build up a safe 10-point margin of their own.

Baker's total of 15 baskets and seven free shots for 37 eclipsed the former Vancouver record of 27 points in one game.

Down 42 to 34 late in the third quarter and with apparent defeat staring him in the face, Baker rose to the heights. Already boasting a healthy 19 points to his credit he rolled in 18 more in the last 12 minutes. Windsor were so busy trying to stop him that they could only reply with six points.

It was a ding-dong battle throughout the first half with neither team able to assume a commanding margin for more than a few minutes. Windsor went ahead seven points early in the second period but the Flyers rolled right back to take a 21 to 19 lead. Halftime ended with the Pats ahead 26 to 25.

SMOOTH ATTACK

Using a smooth ball handling attack, coupled with smart shooting, the visitors enjoyed the best of play but the persistent Baker sniping always kept the airmen in the game.

When Pop Pay retired from the game via the four foul route at the 25-minute mark, that seemed to be the signal for colored flash Fred Thomas to go to town. In short order the visitors opened up a 42 to 34 lead, and not many in the house would have conceded the coasters much of a chance, but they didn't reckon with Baker.

Using every scoring trick in the book, he stole the game from that moment on. Irwin Stout contributed two valuable baskets, but it was Baker, Baker, Baker. The more Windsor knocked him around the better he got. He would take rebounds at his own basket and wind up scoring at the other end. When he wasn't shooting from the floor he was stealing passes and cutting for the hoop like a demon. It was a beautiful individual exhibition.

THOMAS LOOKS GOOD

Windsor lived up to all previous reputations and had it not been for Baker's display, colored Freddie Thomas would have stolen the show. Only 5 feet 11 inches, the youthful high school star showed a dazzling turn of speed. His work under the basket left little to be desired; especially so when you stop to consider that he was being checked by 6 feet 5 inches Pay.

Bill Coulthard likewise more than earned his keep at guard for the visitors, who had no complaints after the game.

Every time one of them would attempt to tell how to stop Baker, he would get halfway through, then shake his head and admit it couldn't be done the way he was rolling.

One thing is assured, the Pats hope to devise some method of holding Baker and if they do, Victoria will have to go all out if they hope to keep the title in the west.

Hedlunds Score One-Sided Win Over Winnipeg

VANCOUVER (CP)—Winnipeg Altomahs will have to show better shooting if they hope to take the Canadian women's senior basketball title from Vancouver Hedlunds.

The Manitoba champions handled the ball well, but their firing was off as they were outclassed 36 to 17 Wednesday night by Hedlunds, defending Dominion champions, in the first game of the three-of-five series.

The second game is scheduled for Friday and the third for Saturday. Further games if necessary will be played Monday and Tuesday.

Hedlunds grabbed an 11 to 4 lead in the first quarter, increased the margin to 21 to 6 by half time, withstood a Winnipeg rally in the third to retain a 26 to 13 margin, and then outscored Altomahs 10 to 4 in the final 10 minutes.

The Winnipeg girls' shooting inaccuracy was shown particularly in the free shot department where they sank only one of 15 throws.

Teams and scores follow: Hedlunds—Panasis 9, Harris 1, Burnham 4, Wilson 12, MacRitchie, Smith 2, MacArthur 6 and Crowley 2.

Altomahs—Harwood, Kreszy, Jones 6, Brook 5, Duncan 4, Campbell, Wallins 2 and Flower.

Jesse Flores Proves Pitching Sensation With Philadelphia

PHILADELPHIA (AP)—A Mexican bull-fighting fan who never saw a major league ball game until April 20 is the pitching sensation of the infant season in Philadelphia.

Jesse Sandoval Flores, up from Los Angeles of the Coast League, is "wowing" 'em for Connie Mack's Athletics with a screwball that baffles the best and control that veterans are calling uncanny.

The A's hired Flores on trial after Chicago Cubs had rejected him, and Connie wasn't optimistic. But in 34 innings, Jesse has allowed only three runs—two actually earned—and only 13 hits. He's outpitched such veterans as Tex Hughson, 22-game winner last year with Boston Red Sox, and Dutch Leonard, peer of the league's knuckleball hurlers. He's won two and lost one—the latter 1 to 0 to Boston although he easily was the best pitcher on the field.

First baseman Dick Siebert, a veteran of the majors, says "I've never seen a youngster break in with such stuff and poise—standing out there watching him you'd think he'd been pitching in the big leagues for years."

Jesse is from Guadalajara, Jalisco, Mexico, where bull fighting is the No. 1 sport.

Girl Softballers Draw \$80 Per Week

EDMONTON (CP)—Annabelle Thompson, 19-year-old softball pitcher for the Edmonton Walkrite team, western Canada girls' softball champions, is leaving for Chicago May 14, the second Edmonton girl to be given a tryout with P. K. Wrigley's new glamor girl softball circuit.

Helen Nicol of the Army and Navy Pats team is also signed up, along with nine others from Regina, Saskatoon and Moose Jaw. They will meet in Winnipeg and travel to Chicago together. If they make the grade, it means a 13-week contract at \$80 a week.

BOWLERS OPEN PLAY

The greens of the Victoria West Lawn Bowling Club will be opened for the season, Saturday, starting at 2.30. The committee will welcome old members and any new members and friends for a friendly game.

IN THE QUALITY TRADITION
HUDSON'S BAY

Sea-Power!

Not all the Empire's sea-power speaks from the mouths of firing guns.

Great, silent schools of North Pacific salmon are supplying another form of power... the power of nutritious food.

Chemists have shown that the oil in canned salmon is as rich in vitamin "D" as high-quality cod-liver oil.

That is why millions of cases are moving to Britain and Empire fighting fronts... a fact worth remembering in times of peace.

Today's War Analysis

By DE WITT MACKENZIE
Associated Press War Analyst

Bulgaria, grimmest and least vocal of the enigmatic Balkans, is reported in the grip of one of those mysterious crises which descend suddenly like birds of the night on that part of the world.

From keen-eyed Turkey comes the report, via the London Daily Mail that 700 people have been arrested in Sofia, the Bulgarian capital, as the result of May Day demonstrations. What sort of demonstrations? Well, that's part of the mystery. But King Boris is said to have fled his capital, and if that's so, it suggests a boiling over of the popular dissatisfaction with his Hitlerian affiliations.

The whole picture is calculated to give the idea of an impending upheaval. It's something to keep an eye on, especially since Hungary also is reported to be getting overheated.

Bulgaria has long been displaying a rash which indicated a deep-seated malady. Without wishing to make a pun, let's call the malady a complaint. That's exactly what it has been—complaint of a substantial part of the population against playing cat's-paw for Hitler and thus working against the Russians, for whom many Bulgarians have a brotherly feeling.

King Boris is of Teutonic extraction. His father, Ferdinand I, took his country into the last war on the side of Germany and after the conflict he abdicated in the face of widespread disapproval among his people.

Prince Boris succeeded his father, bringing with him all the dictatorial characteristics of the Boche and a leaning for Germany. Naturally when the present conflagration started he was trotting along on the Fuehrer's leash.

The Bulgarians sometimes are slow to register their wrath. They have trailed along with Boris, but there has been much resentment, especially because of the Russian angle.

Rumors are rife that the Allies are preparing to invade the Balkans. Should that happen, Bulgaria would be involved and would in fact be holding the sack for the Nazis.

Small wonder the Bulgarians should be on the verge of revolt against their king's policies.

Jap 'Independence' For Philippines

NEW YORK (AP)—The Tokyo radio quoted Premier Hideki Tojo today as saying in an address at Manila that the Philippines would be granted their independence "as soon as the Filipinos are in a position really to collaborate with Japan."

This vague promise, reported in a broadcast heard by the Associated Press in London, obviously was a bid for co-operation from the Filipinos, who would have received full sovereignty from the United States in 1943.

The statement indicated the strenuous efforts which the Japanese are making to consolidate their position there.

The fact that Tojo himself felt it necessary to visit Manila might be taken as an indication that these efforts thus far have not been producing the desired results so far as Filipino co-operation is concerned.

The Japanese announcement said the premier had arrived in Manila Wednesday, and said he had made the trip "in order to examine the military situation and have free discussion with local authorities."

Tojo told those at the banquet, the radio report said, that "this morning, at a people's gratitude rally, I expressed our firm faith that Japan will come out of this world war as victor by further solidifying with her allies in East Asia and Europe. I stated clearly the immovable conviction of the Japanese empire of crushing America and Britain, and thus preclude all possibilities of their extending again their pernicious tenacles to East Asia."

A.R.P. Activities

Saanich, District 1—Monthly meeting will be held Friday at St. George's Hall, Cadboro Bay. Rev. Michael Coleman, D.D., who was in London during the blitz, will give a talk about the air raids. The public is invited to attend this meeting which will start at 8.

District 7—Members of the F.O.E. and their families are invited to attend a showing of films at the Eagles' Home at 8 Thursday. Among the films shown will be "The Battle of Britain," "New Fire Bomb," "London Scrapbook" and "Heroes of the Atlantic." Wm. Bridgwood, district warden, will be chairman.

10 Killed in Blast At Tennessee Mine

LAFOLLETTE, Tenn. (AP)—Ten miners were killed Wednesday when an explosion shattered the main tunnel of the Etna Coal

and Coke Company, rescue workers reported.

Eighteen other miners were found alive by the rescue squad.

The searchers found the survivors of the blast deep in the tunnel, behind a barricade they

had erected in an effort to protect themselves from "Black Damp," dread fumes released by coal mine accidents.

As fast as the men were brought to the surface, they were brought to a hospital here. Their

German Claims

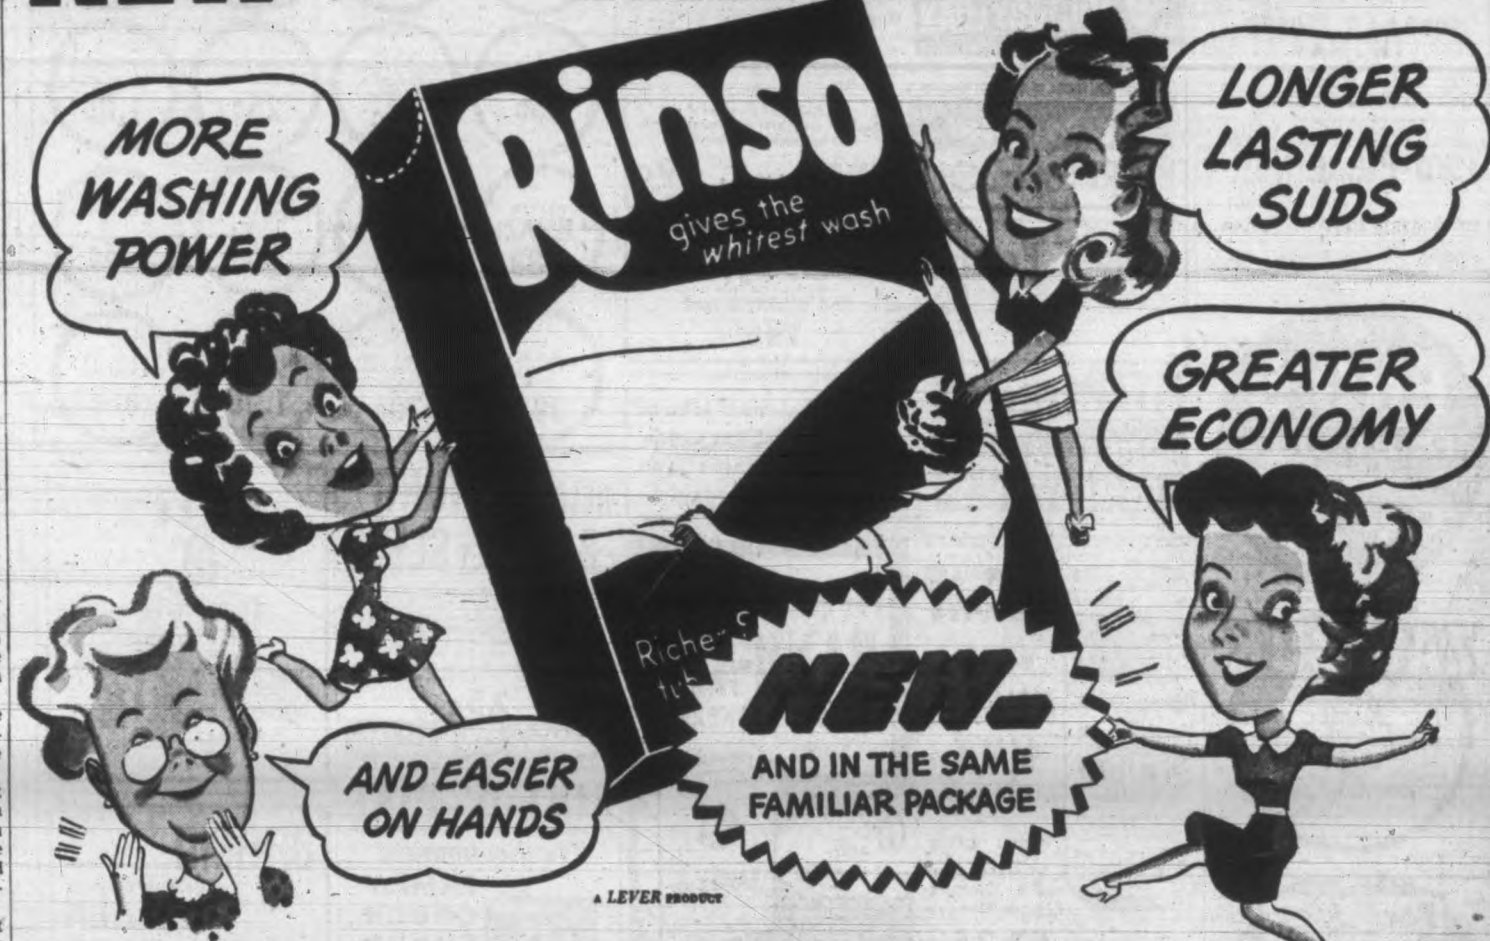

NEW YORK (AP)—The German high command today claimed German patrol boats sank one British motor torpedo boat and damaged three others

during an engagement in the English Channel this morning. The broadcast, recorded by the Associated Press, said the Nazi vessels suffered no losses.

(The report was not confirmed by Allied sources.)

Nearly 210,000,000 bushels of soy beans were harvested in the United States in 1942, twice the amount raised in 1941.

The Biggest Soap News of 1943 NEW SOAPY-RICH RINSO IS HERE!

It's the best Rinso ever made!

YOU'LL NEVER BE SATISFIED WITH ANYTHING ELSE ONCE YOU SEE RINSO WHITENESS!

IN WARTIME OR ANYTIME

NEW Rinso GIVES THE WHITEST WASH

★ MORE WASHING POWER ★ LONGER LASTING SUDS ★ GREATER ECONOMY ★ EASIER ON HANDS

● Women everywhere said it couldn't be done! They said we couldn't improve Rinso, it was so marvelous. But we've done it! The New Rinso—in the same familiar package—is the best Rinso ever made!

Try the New soapy-rich Rinso and see for yourself how much more washing power it has. See how it gets out more dirt... washes even the dirtiest linens, towels,

shirts, the whitest white. See how quickly and easily dirtiest work shirts and overalls come extra clean. How safe it is for washable colors.

New Rinso gives longer lasting suds, even in hardest water. And New Rinso goes so much farther, you'll agree it's even more economical now. You'll want to use New soapy-rich Rinso for everything—dishes, woodwork, tile. It's easier on hands, too.

Soldiers Write-- 'Send Us More Guns'

"You cannot stand beside us in battle... so send us shells and planes and guns..." so writes the son of Mrs. C. E. Love, Vancouver, who is stationed overseas. "I think all England and the eyes of every Canadian in uniform watch the results of the 'Victory Loan' very closely," the letter says, "England to see if Canada is as war-minded as herself, and the fellows in uniform to see if our home is backing us up."

"It's going over the top will mean a great deal to us. I am afraid if it fails it will give us the feeling that we are standing alone without our own people's support."

"Fellows get a different slant on things over here, and their views are far more on the serious side. Your buying a bond means a more personal touch than anything else you can do. We all realize that to a great extent your hands are tied in so far as helping us personally is concerned but the purchase of a Victory Bond means this—you can not stand beside us in battle to protect us, so you send us shells and planes and guns and equipment to provide a protection for us. My rifle is my protection, and you gave it to me so that I may use it to guard my life, and I in turn will use it to safeguard you."

"This is what your income taxes and Victory Bonds are buying."

An invitation to attend the annual I.O.D.E. Empire Day services before the Parliament Buildings May 21 was received at City Hall today.

MacDonald Coming

Rt. Hon. Malcolm MacDonald, British High Commissioner to Canada, will speak June 25 at a joint luncheon of the Victoria Chamber of Commerce and the Canadian Club. G. H. Selous, trade commissioner for the United Kingdom, advised the chamber today. The luncheon meeting will be held at the Empress Hotel.

Maitland Aroused By Firing Of Juror

Action of any employer who does not willingly permit an employee to do jury duty in the courts when called upon to do so, is strongly condemned by Attorney-General R. L. Maitland, K.C.

When asked for his views concerning a statement by Mr. Justice Robertson at the close of the Vancouver Assizes when the judge reprimanded an unnamed employer for dismissing an employee called to serve on the assize jury, Mr. Maitland said: "It is a terrible thing, I think, that any employer should inflict upon an employee punishment for what the law demands and patriotism impels, jury service. There is no room in this country for people who place selfish interest ahead of that of common duty that falls upon all good citizens aiding in the administration of justice."

Small child's respirators of the Mickey Mouse type are now available, and may be obtained at the engineer's office, Municipal Hall, Oak Bay. These are intended for children of two to 4½ years of age. The cost is \$1.25, or without charge to those unable to pay.

Amyot Statement On Water Surprise

Saying Dr. G. F. Amyot, provincial health officer, "sprang a great surprise upon all the committee and especially the mayor and Alderman George," when he disclosed tests of water used domestically in the city showed it, in certain instances, to be unsafe, John Day of the anti-chlorination faction today addressed a long letter to City Council.

Mr. Day said citizens had been misled, time and effort wasted by the anti-chlorination group, and said certain sanitary arrangements on the watershed should have been improved long ago.

He objected to exclusion by Ald. J. A. Worthington of members of his citizens committee from a meeting at which those condition were discussed and termed the exclusion "unseemly and insulting behavior."

Mr. Day expressed the view the water board chairman and water commissioner treated the question too lightly and called for an explanation and fixing of responsibility on the person allegedly guilty of neglect.

Drivers Not Liable For Hurt Fighters

A new order-in-council, interpreted to mean the civilian driver of an automobile in which a member of the armed services, riding as a passenger, is injured will not be liable for damages, was announced here today by the Victoria Automobile Club.

News of the order was learned here through a letter from the National Automobile Club, Toronto. The letter quoted the order-in-council, which is numbered P.C. 3167, as saying the Canadian government on recommendation of the Minister of National Defence and on concurrence of the Minister of National Defence for Air, had issued an order that no claim be made hereafter by the Crown against the owner or driver of a civilian motor vehicle in respect to injuries sustained by a member of the armed forces while being carried as a gratuitous passenger and that all such claims previously made be abandoned.

Until the present some motorists have refused to carry members of the armed forces as passengers because the insurance on their automobiles did not cover the passengers.

The letter of the Automobile Club said the order was made to help meet the present transportation shortage and the government was doing everything possible to encourage civilian drivers to offer transportation to service men.

Preparing Article

Victoria and Island Publicity Bureau today was asked by the city to prepare an article on Victoria for the new edition of "National Encyclopedia," published by P. F. Collier & Son Corporation.

George I. Warren and Norman Foster have begun work on the article which they said will be considerably longer than the one appearing in previous editions.

Fishermen Triple Victory Loan Quota

Two ships of the R.C.N. Fishermen's Reserve, carrying 10 men each, have contributed \$1,500 each to the Victory Loan campaign. Another 22-man ship has contributed \$3,050. This is more than three times the quota for this branch of the navy.

These are but two examples of the splendid work being done by members of the Royal Canadian Navy, who themselves admit "our star performers are the Fishermen's Reserve."

Teams of officers, petty officers and ratings visit the ships just in from the sea, and also shore establishments, and ascertain that every naval man is contacted.

Today the combined naval forces have reached 165 per cent of their quota of \$110,000, and are quite confident of reaching the new mark they have set themselves—\$200,000.

4 Traffic Accidents

Suffering a serious cut on the throat when the car in which she was riding was in collision Wednesday afternoon with another car at Hillside and Fifth Street, Mrs. R. Hill, 431 Boleskine, was removed to Royal Jubilee Hospital and attended by Dr. G. B. B. Buffam and Dr. W. D. Higgs.

Police reported Mrs. Hill was passenger in a car driven by Sydney E. Blanchard, 455 Boleskine. The other car involved in the collision was operated by Thomas A. Heaslip, 2830 Graham. Constable Alec Briggs and Stanley Holmes investigated the crash. Swerving to avoid a motor car, a motorcycle mounted the curb and crashed into a pole at Cook and Fairfield Wednesday afternoon, throwing Gnr. Charles East, R.C.A., Willows Camp, to the ground. He suffered minor bruises, abrasions and a dislocated thumb.

Police reported the car East was trying to avoid, was operated by David White, 509 Cornwall. East was taken in police patrol to Mount Tolmie Military Hospital.

Considerable damage resulted to two cars, operated by Lieut. W. J. H. Robinson, Willows Park, and H. S. Pringle, 1514 Gladstone, which were in collision Wednesday at Yates and Government. Robinson's car was driven into the rear of a third car, owned by Henry Gee, 610 Yates, which also was damaged.

A car W. J. Norton, Fort Macaulay, was pulling from the curb at Government and Broughton, and a streetcar were in collision Wednesday. Another car owned by W. E. Clothier, 1170 Chapman Street, was also damaged. Police gave the operator of the street car as George Earl, 2137 Spring.

Rooms With Board Sought in Victoria

National Housing Registry at Victoria has sent out an SOS for single rooms with board.

"We have lots of sleeping rooms but no listings from householders who will supply board and room," Mrs. W. E. Rayfuse, manager of the registry, said today.

"Yesterday we had a dozen people in asking for board and room and had nothing to offer. A good number of the men were servicemen who are on lodging and compensation."

Reasons for not wishing to provide board given by householders were the difficulties with rationing and shopping and the price of food.

Police Assault Charge

David McKie was remanded until Friday when he appeared before Magistrate H. C. Hall today on a charge of assaulting Sgt. J. D. Blackstock while he was on duty.

Police alleged McKie struck the police sergeant in the face breaking the skin and causing a bruise. The incident occurred while Sgt. Blackstock was investigating an assault.

Victorian Coaches Aircraft Spotters

SOMEWHERE IN ENGLAND (CP)—Lieut. G. W. Whitehead of Victoria is coach of a Cameron Highlanders team of aircraft spotters that has won an aircraft recognition competition through-out a Canadian division.

The team, Capt. B. A. Beer and Ptes. I. M. Grant and D. Proctor, all of Winnipeg, won with marks of 180, a perfect score.

Woman Wins Case As Her Own Lawyer

Conducting her case as skillfully as a lawyer, a woman won a decision in her favor without entering the witness box herself or calling defence witnesses. The case was heard in provincial police court Wednesday. The woman was charged with drunken driving.

Constable John Lockie, B.C. police patrol officer, told the court of attending an accident on the Island Highway near Helmsken Road Tuesday evening. He found a car upside down in the ditch. The accused, who he described as intoxicated, told him she was the driver of the car, although it was owned by a chief petty officer.

Constable Lockie said that in arresting the accused and another woman passenger of the overturned car, who pleaded guilty of being intoxicated, vulgar language was used by both women, he said; the driver tried to bite him, the other woman kicked him and together they did \$20 damage to the patrol car.

The woman passenger is spending a jail term in default of \$25 fine.

Dr. E. L. McNiven testified the accused had been drinking. The petty officer testified he had met the accused, at a beer parlor where she had three drinks in his presence. He said, under cross-examination by the accused, that she drove the car carefully, the incident was an accident, and she was sober.

W. B. Colvin, assistant deputy attorney-general, conducted the case for the crown.

OTHER DRIVER GUILTY

At the same court session, Sidney B. Croll of Port Alberni and North Vancouver, who was represented by A. E. Branca, Vancouver, was found guilty of drunken driving April 27 on the Sooke Road.

Croll, who bumped Leslie Bing's car at the Glen Lake store, pushing it several feet but doing no damage, was found asleep behind the wheel of his car on the Jordan River Road. The car had a flat tire.

Four witnesses, including Constables Lockie and William Cowan, described Croll as drunk, while Croll and two defence witnesses said he was sober and had only consumed three bottles of beer.

Croll was remanded for sentence.

Jews in Armed Forces Number 10,000

Contradicting statements that the Jews were not enlisting in the armed forces of the Dominion to the extent which their share in the population of the country would demand, the Canadian Jewish Congress announced from Montreal that more than 10,000 Jewish men and women are in the armed forces.

"Our enlistment ratio exceeds our population ratio. Our record in the war is one of which we can be proud," A. B. Bennett, president of the Congress, Central Division, stated.

The controversy arose from a statement of a Toronto alderman, who declared that the Jews of Canada were not doing their duty in the war. Figures of the Congress are: 4,677 enlistments in the army; 4,009 in the air force, and 206 in the navy. The figures do not include draftees.

Victory West Day In 4th Victory Loan

Fourth Victory Loan campaigners will concentrate Friday on the Victoria West citizens of that district being appealed to on the basis of community pride to do their part in Greater Victoria's double effort to top the quota and beat Greater Halifax.

Somewhat neglected in the first half of the loan campaign which commenced Monday, April 26, the Victoria West district, roughly bounded by Point Ellice and Dominion Road, the Inner Harbor to Selkirk Water, will be visited by 20 officials of the National War Finance Committee sponsors of the loan.

G.O.C. Congratulates Troops On Loan Total

Maj.-Gen. G. R. Pearkes, V.C., General Officer Commanding-in-Chief, Pacific Command, today congratulated members of the command for over-subscribing their \$750,000 Fourth Victory Loan quota and said "now we have passed our objective, let's shoot for \$1,000,000."

Of the world petroleum production in 1942, the United States produced 66%, Russia nearly 10%, Venezuela 6.6%, the United Nations together produced 94%, the Axis powers only 6%.

Knit cotton underwear, worn by boys and girls, can "take it" longer than rayon, U.S. Department of Agriculture tests show.

TOWN TOPICS

Harold Winch, member for Vancouver East, and leader of the C.C.F. in the Legislature, was in the city today from Vancouver in connection with party matters.

May 24 will be a holiday as usual, the city was informed by the deputy provincial secretary today. That date had been omitted from the original list of holidays set at Ottawa for 1943.

Film City Ltd., facing a charge in city police court of selling securities without a license, was remanded today until next Thursday. The crown prosecutor, W. H. M. Haldane, is out of town.

The Court of Appeal this morning neared completion of the Dr. E. E. Rogers appeal against a judgment for damages awarded J. F. Marshall and prepared to end the current sitting this afternoon.

Mr. Justice Sidney Smith, Wednesday, reserved judgment on the claim of Hartwick Oliver Rud for \$8,000 damages against the B.C. Electric Railway Company Ltd. for his accident on the Esquimalt street car line last December.

Renewed protest against the city rezoning lots on Balmoral Road for use by the New Method Laundries Ltd., was received at the City Hall today from Robert MacLachlan, 1032 Mason. Mr. MacLachlan noted petitioners protesting the rezoning represented a number of taxpayers.

Central Baptist Young People's Society at its last meeting heard Percy Willis give an instructive message from the Book of Jude. Sgt. Reg. Hussey, R.C.A.F., led the singing before a word of testimony was given by P.O. Nelson Beckner of the navy. Alice and Sylvia Moulin rendered a duet.

Arthur Noakes, who pleaded guilty in provincial police court Wednesday, of exceeding the 40-mile speed limit, was fined \$20 and \$2.50 costs. There have been only half a dozen convictions in Victoria under this federal government order made to conserve during wartime, gasoline and rubber.

A permit for a \$850 conversion job which will change the city-owned dwelling at 725 Kings Rd. into a two-family structure, was issued by the city building inspector's department today. Another permit called for \$500 work on 461 Superior St., a house which will be converted into an auxiliary fire hall for the duration of the war.

A taxi driver, guilty of operating his business without a city trades license, was fined \$10 and \$1 costs in city court today while tax collectors announced more charges were forthcoming. One motorist was fined \$15 for exceeding the 15-mile speed limit, while another driver paid \$5 for operating his car without a driver's license. Two motorists were each fined \$2.50 for parking regulation infractions.

Stimson Praises African Allies

WASHINGTON (AP)—War Secretary Henry Stimson declared today that "the noose is tightening around the Axis army" in north Africa, but "there is every indication" the enemy will continue to fight there.

"There has been no evidence," he told reporters "of any attempt to evacuate any considerable portion of the Axis army."

Stimson had praise for the "almost perfect co-ordination" of the British, U.S. and French ground and air forces, and for the Royal Navy in the Mediterranean for its assistance in interrupting the flow of supplies from Italy to the hard-pressed Axis troops in Tunisia.

In a general war review, the Secretary said that in the south Pacific adverse weather is interfering with air operations, but Allied fliers have made a number of successful raids.

He said two recent raids from Chinese air bases on Japanese positions were "very successful" and the largest yet carried out there.

In the Aleutians, he said, "bombing of the Japanese positions at Kiska and Attu has been routine procedure on every clear day."

Lewis Refuses To Go Before Board

WASHINGTON (AP)—John L. Lewis' United Mine Workers continued to ignore the U.S. Labor Board's efforts to solve the soft coal wage dispute today as a panel took testimony from bituminous operators. Nearly an hour late, the panel resumed hearings behind closed doors and again the U.M.W. was not represented.

About 50 operators and their spokesmen were on hand,

Anzac Good Will For Canada Seen By Brockington

OTTAWA (CP)—L. W. Brockington, K.C., special advisor to the British Ministry of Information, was with Gen. Douglas MacArthur in Australia last Friday and back home in Ottawa Wednesday. Today he said it is not decided when he will leave again for Britain, but that he expects to make some speeches here before he leaves on his impressions of the war efforts of Australia and New Zealand.

"The people of Australia and New Zealand are much impressed with Canada's war effort," Mr. Brockington told the Canadian Press.

The presence in Canada of Australian and New Zealand airman training under the Combined Training Organization was doing much to increase the good will those Dominions had for this country.

"Everywhere I went, relatives told me of receiving letters from their boys over here praising the country and the treatment they were receiving from the people of Canada. I heard no word of criticism."

COMMISSIONERS AT WORK

"Our High Commissioners, Mr. Justice T. C. Davis in Canberra and Dr. W. A. Riddell in Wellington, are doing splendid jobs," Mr. Brockington said. "They are well liked down there and are energetically carrying out their duties."

He said he was much impressed with the part Australia is playing in the fighting in New Guinea. He is taking back reports to the British government. Mr. Brockington spent considerable time with Gen. MacArthur and naval and air commanders. "Gen. MacArthur is the young man for his years I ever met. He is 63 and does not seem more

CASH For Used Cameras

VICTORIA PHOTO SUPPLY LTD.
1013 DOUGLAS ST. Success Bldg.

than 40. He is a man of great vitality.

"It was surprising how many Canadians I met. I met a mounted policeman in New Zealand, there on an investigation. Many Canadians are connected with industrial developments, the nature of which I cannot divulge."

First Aid Exams

Members of the B.C. Police have passed St. John Ambulance Association first aid examinations as follows:

Passed for certificates—Almer Newton Van Meer, Robert Walker Sinclair, Thomas Dingwall Robertson, Percy Wilkinson Howarth, Earle John Hooker, John Ernest Drummond Cox, William Larson Cowan, Edmund Corson, Robert John Brothstone, George Douglas Ball and Ernest Bradley.

Passed for voucher—Frederick Douglas Patton, Gilbert Arnold Perry, George Redhead, Michael George William Gramond, Clifford Shipman Dryden, Frederick John Clunk and Norman William Wells.

Passed for medallion—William Howard Kemp, Donald Harry Pye and Norvel Edward Asel.

Japs Preparing New Drives

CHUNGKING (AP)—Japan is preparing "to make an important move" and China is the most probable objective, the spokesman of the Chinese army told his press conference today.

"The enemy most likely will try to destroy China's resistance by mopping up operations in one area after another," the spokesman said.

He said the renewed Japanese offensive in the Taihang Mountain area of central China, on the Honan-Shansi border, indicated determination to wipe out the Chinese forces there. If that is done the Japanese are likely to turn their attention to the Chung-tung mountains in Shansi and then strike against the unoccupied areas in Honan, he said.

ESTATE OF GEORGE THOMAS MARSH, DECEASED

NOTICE TO CREDITORS

NOTICE IS HEREBY GIVEN that all creditors and other persons having any claims or demands against the estate of George Thomas Marsh, deceased, late of the City of Victoria, in the Province of British Columbia, who died on or about the 31st day of January, 1940, at the City of Victoria, Province of British Columbia, are hereby required to send by post to the undersigned, full particulars in writing of their claims and demands, verified by Statutory Declaration, to the undersigned, on or before the 7th day of June, 1943; and all parties who have any claims belonging to or who are indebted to the said estate are required to forward particulars of same to me forthwith; and that the said Administrator will, after the last-mentioned date, proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims and demands of which he shall then have had notice.

AND TAKE FURTHER NOTICE that, pursuant to Section 38 of the "Trustee Act," the said Administrator will not be liable for the assets of the said deceased, or any part thereof so distributed, to any creditor or persons of whose claims and demands he shall not have had notice by the said 7th day of June, 1943, and that he will proceed to make final distribution of the assets at the expiration of six months after the issuance of Letters of Administration, with the Will of the deceased annexed.

DATED at Victoria, B.C., this 6th day of May, 1943.

R. L. COX, Official Administrator, County of Victoria, Administrator with the Will annexed of the Estate of George Thomas Marsh, Deceased; 519 Central Building, Victoria, B.C.

AND TAKE FURTHER NOTICE that, pursuant to Section 38 of the "Trustee Act," the said Administrator will not be liable for the assets of the said deceased, or any part thereof so distributed, to any creditor or persons of whose claims and demands he shall not have had notice by the said 7th day of June, 1943, and that he will proceed to make final distribution of the assets at the expiration of six months after the issuance of Letters of Administration, with the Will of the deceased annexed.

DATED at Victoria, B.C., this 6th day of May, 1943.

R. L. COX, Official Administrator, County of Victoria, Administrator with the Will annexed of the Estate of George Thomas Marsh, Deceased; 519 Central Building, Victoria, B.C.

AND TAKE FURTHER NOTICE that, pursuant to Section 38 of the "Trustee Act," the said Administrator will not be liable for the assets of the said deceased, or any part thereof so distributed, to any creditor or persons of whose claims and demands he shall not have had notice by the said 7th day of June, 1943, and that he will proceed to make final distribution of the assets at the expiration of six months after the issuance of Letters of Administration, with the Will of the deceased annexed.

DATED at Victoria, B.C., this 6th day of May, 1943.

R. L. COX, Official Administrator, County of Victoria, Administrator with the Will annexed of the Estate of George Thomas Marsh, Deceased; 519 Central Building, Victoria, B.C.

Screen Youngster Makes Comeback

"Washed up" in her screen career at seven, Juanita Quigley then laid claim to the youngest "retirement" on record. Now, at 10, she is in the midst of the youngest "comeback."

Her career at this stage is thus following that of Shirley Temple, who also left the screen for a brief period, to return with gratifying success. Juanita is doing just that, as Mickey Rooney's kid sister in "A Yank at Eton," now at the York Theatre. It is the finest part she has played and Juanita, every inch a trouper, is making the most of it.

Juanita, every inch a trouper, is of five years in pictures. She started at the age of two, when she became the youngest child player ever to speak lines on the screen. It was in "Imitation of Life," with Claudette Colbert, and Juanita had 400 lines of dialogue!

Hedy Lamarr Takes Role of Tondelayo

Three ounces of gold, five layers of dark make-up and a yard and three-quarters of silk jersey turned Hedy Lamarr into Tondelayo.

But the gold and five layers of make-up which meant a month's research for make-up expert Jack Dawn before the star was ready for her role in "White Cargo," coming today to the Atlas Theatre. This marks the first time that Hollywood make-up experts have successfully covered a white actress' body and face and made her appear as a really dark-skinned person.

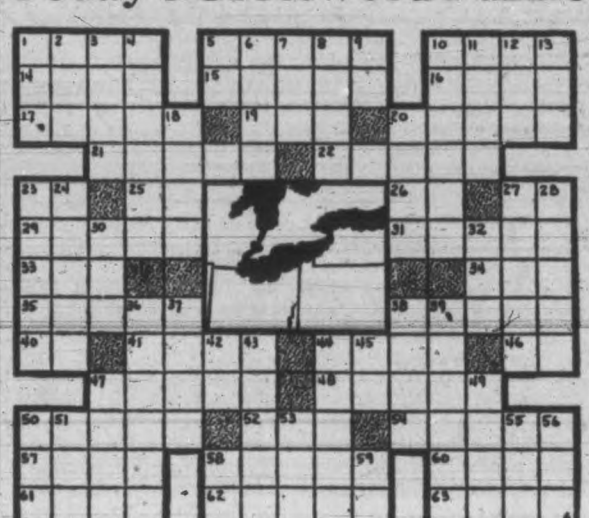

Walter Pidgeon Scorns Make-up

The disguises beloved by detectives of the old school are dispensed with by Walter Pidgeon in the title role of "Nick Carter, Master Detective," story of the famed super-sleuth which opens today at the Rio Theatre.

When the story was brought completely up to date and set in a background of modern high-speed planes and automobiles, it was decided that Pidgeon should dress and appear as a modern business man, without any of the false hair and mustaches associated with the old dime-novel thrillers. The aim was to make the script as realistic and believable as possible.

Rita Johnson plays the feminine lead.

CAPITOL THEATRE

A lost memory and a woman's devotion form the basis for haunting romance, deep human interest and thrilling drama in "Random Harvest," dramatic story of the love of an amnesiac victim, starring Ronald Colman and Greer Garson, now at the Capitol Theatre.

Adapted from the best-selling novel by James Hilton, "Random Harvest" was directed by Mervyn LeRoy, who directed "Blossoms

In the Dust," and produced by Sidney Franklin, who gave the screen "Mrs. Miniver." Among the players are Susan Peters, Edmund Gwenn, Philip Dorn, Una O'Connor and others.

LONDON (CP)—Add another job to the growing list of occupations women are holding since war started. Members of the Women's Royal Naval Service are being trained as electric welders, a job formerly done by only brawny men.

Thomas Mitchell In Action-Filled Drama

In 20th Century-Fox's filmization of John Brophy's "Immortal Sergeant," opening Friday at the Dominion Theatre, Thomas Mitchell has another rugged role similar to the one in "Stagecoach," which netted him the Academy Award.

Mitchell is featured in support of Henry Fonda and Maureen O'Hara in this first film action drama of the war in Libya. Prominently cast also are Alyn Joslyn, Reginald Gardiner, Melville Cooper, Bramwell Fletcher and Morton Lowry.

The action-filled film was directed by John Stahl and produced by Lamar Trotti, who also wrote the screen play.

Joan Davis Stars In Mirthful Movie

Joan Davis, Hollywood's popular dancing comedienne, is starred in Universal's zesty musical romance, "He's My Guy," currently at the Oak Bay and Plaza Theatres. Miss Davis has long been a No. 1 favorite with movie audiences and her role in "He's My Guy" is declared to be the most entertaining in her screen career.

Dick Foran and Irene Hervey are teamed romantically and vocally in the new film. They sing "He's My Guy," and "On the Old Assembly Line." Comedian Fuzzy Knight is featured and Gertrude Niesen, well-known songstress, presents "Heads Up" and "Two Guitars."

Other notables in the cast include the Diamond Brothers and the celebrated Mills Brothers.

Over 300 Extras In Film Sequence

Studio policemen at Warner Bros. assumed a brand new duty. Detailed heretofore to keep an eye on jewels and expensive props used in moving pictures, the cops were told to maintain guard around a service station set for "Wings For The Eagle," now at the Cadet Theatre, with special emphasis on the stock of new tires offered "for sale."

Ann Sheridan, Dennis Morgan and Jack Carson work in the sequence, which represents action in a street opposite the Lockheed aircraft plant. (More than 300 extras were called for the sequence.)

WESTERN CANADA'S PIONEER ENGRAVERS

Dorothy Dix:

Dear Dorothy Dix: Do you believe that Fate decides everything in life for us, as is proven by the fact that if we hadn't gone to certain places we would not have met the people who become a great influence in our lives, such as our husbands and wives, or friends?

CHILD OF DESTINY.

Answer: I certainly believe that there is some force, call it Providence, or Fate, or Kismet, what you will, that plays a leading

Relieve Your Fretful, Feverish Teething Baby

This Simple, Safe Way Thousands of Mothers Praise So Highly Why let your teething baby suffer, fret and lose needed sleep when Baby's Own Tablets—gentle and effective—may keep your restless, feverish little one happy, cool and comfortable. Used by young mothers for over 40 years. Absolutely free from stupefying narcotics and opiates—easy to take—may be crushed in a powder if desired. At the first sign of teething fever, be sure—try Baby's Own Tablets and see for yourself how quickly they help make hot little heads cool, soothe irritation, and promote natural restful sleep. Try Baby's Own Tablets, too, for colic, upset stomach, cold, constipation and other minor ailments. 25¢. Money back if you are not entirely satisfied.

role in our lives, but I also think we have to supplement it with our own willpower. Perhaps that view isn't very logical, but there is nothing in life that is logical. As you say, we are wandering idly down a street with no definite objective. We turn to the right and we meet a stranger we marry, or someone who offers us a job that leads on to our fortune. Or by accident we miss a train that crashes through a bridge and on which everybody is killed. That is luck, good, or bad.

But we can't sit down and fold our hands and say we won't work if we are destined to starve to death we will do it in spite of all of our industry, or if we are destined to be fed somebody will come along and provide us with fillet mignon.

Certainly, in looking back over my own life, I realize that all of the important decisions in it were made by Fate, and that I had very little to do with it. But I don't pretend to understand it.

Britain's people are contributing almost 60 per cent of the national income for war purposes. This means self-denial of all luxuries and many necessities, a drastic reduction in the standard of living.

SURE, I'M A HOARDER!

"I've put the family on a war saving basis!"

"Well, sir, the war changed a lot of things. Many of the plans we had worked out for 1943 just won't happen this year. There are bigger, more important things to think about. This was the year we had planned to do some spending, but we're going to do a lot of saving instead—saving and hoarding to win the war."

"If you had told me before the war that I would pay the taxes I'm paying, keep up my life insurance, and still keep going I wouldn't have believed it. But here I am, doing all these things, and besides that I'm buying and hoarding more and more Victory Bonds and War Savings Certificates. The

sacrifices we make are little enough to pay for freedom and a future for the wife and kids."

"Back the Attack!" Buy Victory Bonds NOW!

The Fourth Victory Loan will be a mighty weapon. Take it up. Invest every dollar you can in this biggest undertaking this country has ever attempted. This is our war—it is a people's war against domination and aggression by the forces of evil. Victory Loan Dollars are freedom dollars. Let us put our dollars where they will give added force and striking power to Canada's war effort.

Tomato Plant is Related to Nettles and Rank Weeds

There is a large family of plants with some members which are "good" and some which are "bad." Men of science call these plants the "Solanaceae," a name which means "nightshade."

The poisonous weed known as the "belladonna," or "deadly nightshade," is a member of this family. So is the tall, coarse Jimson weed, which is no less poisonous than the belladonna.

Many other kinds of weeds and nettles belong to this plant family. They gave it a bad name long ago, and for a time they kept people from using one of their good relatives.

The good relatives include two of the world's important vegetables—the white potato and the tomato. Both of these are natives of the New World, and did not reach Europe until after Columbus crossed the Atlantic.

Tons of "love apples" are grown for market today.

The family also includes tobacco and the eggplant. The eggplant bears fruit which is good to eat, but the tobacco plant has no food value. Its poisonous leaves are used for smoking.

When we think of the poisonous members of the nightshade family, it is little wonder that the tomato plant found trouble in becoming popular.

Four centuries ago, a few gardeners in Europe planted tomatoes as ornamental shrubs. The flowers and colored "berries" added a welcome touch to a flower garden.

As time went on some persons began to nibble at the so-called berries. Since they lived after making the test, others took on the custom, and tomatoes were eaten in small amounts. The idea of eating tomatoes spread from one country to another.

An early name for the tomato was "love apple." The name "tomato" has been traced to Mexico, where the Aztec Indians raised the plant and called it the "tomatl."

Today we have scores of kinds of tomatoes. Plant breeders have worked on the plants, and have improved the fruit in size and taste.

The fruit from one plant is likely to have a weight of from five to 10 pounds. In record cases, a plant has produced more than 20 pounds of tomatoes in a season, but that is not usual.

Most tomatoes are red when ripe, but some are yellow. (For general interest section of your scrapbook.)

The largest wartime donations in Britain have been free gifts to the Exchequer for war purposes amounting to £20,000,000 (\$88,600,000). The British Red Cross Fund comes next with a total of over £12,000,000 (\$53,160,000).

Greater Victoria Benefits Reviewed

Appreciation of advantages which would follow establishment of a Greater-Victoria municipal administrative unit keynoted the annual meeting of the Victoria-Saanich beaches and parks committee at Royal Oak Wednesday.

Mayor Andrew McGavin opened the discussion, declaring annual conferences such as the one in which the two municipalities met, could go a long way to

solving joint problems. He appreciated the fact each municipality had its separate concerns, but, he added, overlapping in such services as police and fire protection could be avoided.

The mayor suggested Esquimalt might be better off if it were taken over entirely by the Dominion government.

Reeve E. C. Warren, chairman of the committee, suggested the committee meet twice a year, and invite Oak Bay and Esquimalt to the gatherings.

Ald. John A. Worthington favored friendly discussions of joint problems, and spoke of the co-operation which had existed between the city and Saanich.

Ald. Ed. Williams spoke of the

value of a "love-thy-neighbor" policy.

RE-ELECTED

At the meeting Reeve Warren was re-elected chairman of the committee, with W. A. Greene, treasurer, and John Baxter, secretary.

Councillor J. L. Hobbs, Ald. Ed. Williams and H. L. Blakeney, Saanich works superintendent, were asked to investigate feasibility of cutting wood at the Gorge Park.

A letter from the Prospect Lake Parent-Teacher Association, asking for improvement of bathing facilities at the lake, was referred to the Saanich Council.

Estimates passed by the com-

mittee included Benvenuto Avenue, cutting grass and maintenance of trees, \$125; Beaver Lake, repairs to ball park and conveniences, and dragging weeds in the lake, \$150; Cadboro Bay, water service at the north end and caretaker and general maintenance, \$125; Cordova Bay, attendant, \$150; northwest corner of Elk Lake, general maintenance, \$150; Gorge Park, lifeguard and repairs, \$100; Island View Beach, new conveniences and maintenance, \$200; Mount Tolmie Park, general maintenance, \$50; Mount Douglas Park, general maintenance, \$600; Shelbourne Street, general maintenance, \$98.92; Verdier Park, general maintenance, \$150; general

expenses, \$150, and contingencies, \$125.

\$1,500 Fine Imposed On Sugar Hoarder

OTTAWA (CP)—A fine of \$1,500 imposed on a resident of Paradise Hill, Sask., who was convicted of hoarding sugar, tea, coffee and other household goods was the highest penalty among the 76 prosecutions reported by the enforcement administration of the Prices Board for the week ended April 20.

There were 20 cases involving food rationing, with nine prosecutions in Quebec, eight in Ontario and one each in Nova Scotia, Manitoba and Saskatchewan.

Shoes and Ships and Sealing-wax...

Many different things are needed to win the war.

Big things... ships, howitzers, bombers, tanks.
Little things... screws, rivets, bolts and needles; shoes and sealing-wax.

Unfamiliar things...
Asdic apparatus, radio locators, gyroscopic compasses.
Everyday things...
food, blankets, bandages, overcoats...

All these things are measured in dollars.

Only dollars can ensure that our fighting men get everything they need!

Because dollars are essential to victory, those who do their share by buying Victory Bonds make the job easier for our men overseas... make it easier for us to win!

Everybody must lend what they can! Everybody can provide something for victory!

Even \$300.00 in bonds will provide 3 depth charges to sink submarines... Buy 9 Tommy guns for parachute troops, or 9,000 machine-gun bullets... Drive a tank 4,500 miles.

If you have money saved, put it into Victory Bonds. If you haven't savings, buy bonds by instalments out of earnings. Do both if you can... But do it for certain! And do it NOW!

WEAR THIS EMBLEM

Be proud to wear your IV button... it says you have done your bit... it will inspire others to do theirs.

Back the Attack

Buy Victory Bonds!

GREATER VICTORIA VICTORY LOAN HEADQUARTERS
CITY OF VICTORIA—737 Fort Street Phone E 4155
OAK BAY—2002 Oak Bay Avenue Phone E 0933
ESQUIMALT—Municipal Hall Phone E 1122
SAANICH—Royal Oak Phone Colquhoun 1222

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

WOMEN OF BRITAIN REVEAL HOW THEY "KEEP 'EM FLYING"

Survey Shows Women Take Aspirin for Headache Relief

Women "home fighters," now working by millions in war plants, are not letting anything interfere with their work... not even a headache... according to a recent British government survey.

This questionnaire issued to women revealed that they consider Aspirin one of the three most helpful drug items, for maintaining health.

Naturally, Aspirin has become a household "watchword." For generations, it has proved itself dependable, quick... easing literally millions of headaches, neuritis, and neuralgia pain, without unpleasant after-effects. In fact, Aspirin is rated as one of the safest analgesics known. It costs less than 1¢ a tablet, in the economy bottle. Keep it handy, yourself.

"Aspirin," made in Canada, is the trademark of The Bayer Company, Limited. If you don't see the Bayer cross on each tablet, it isn't Aspirin.

In spite of the heavy income tax, there are more people in Britain saving, lending and giving than ever before.
